

REVOLUTION IN AUSTRIA; TISZA IS SHOT; ITALIANS CHASE FOE 20 MILES BEYOND PIAVE; AMERICANS DRIVE HUNS OUT OF BRIUELLES

CAPITAL ON EDGE FOR WORD FROM GERMANY

WASHINGTON, Nov. 1.—Officialdom waited with tense nerves today for the biggest developments of the war. The atmosphere was surcharged with excitement little concerned with the most important news of the day.

President Wilson remained up until long after 10 o'clock this morning reading personal messages from the White House. He was at his desk before breakfast working on his replies, which were expected to be sent out by the end of the day.

The final decision of that body may be question of hours, officials who should know admitted.

It was frankly admitted both at the White House and at the State Department that this information was covered the most important developments of the war. This could not be made public now, not because there is any desire on the part of President Wilson and Secretary Lansing to embark on a course of secret diplomacy, but because premature publication might prove disastrous. However, it is believed that all of the facts will be made public in a few days.

Believe it or not, a belief here that the allied fleet, probably including some American units, may have passed through the Dardanelles. The British Sea fleet taken over by the Kaiser's naval officers from Russia and supplemented by the German and Austrian fleets, which are reported again to have sailed down the Turkish coast, are expected to have been in the Black Sea. It is to be destroyed if it does not surrender.

Naval experts were waiting anxiously for word of a battle in the Black Sea. It was possible, they said, that the Germans would surrender. But the fleet is strong enough to put up a fight.

SEE SIGNIFICANCE IN KAISER'S MOVE

The German emperor has left Berlin for German grand headquarters, according to information received here today. While officials have no information confirming reports that he and the crown prince finally have decided to abdicate in favor of the Kaiser's eldest son, the 12-year-old Prince Wilhelm, it will cause little surprise if this does take place. Germany actually is at the point where she will have to surrender unconditionally, officials said today, and they are convinced that the entire military party of that nation finally realizes this. Naturally there has been great love between the military commanders who have had to bow to the whims of the Kaiser, and the crown prince, so they will waste no time in making the transfer of power. In fact, leaders of the military party can be expected to assist in kicking the Kaiser out, by so doing they can prevent themselves being made the victims of the righteous wrath of the aroused German people.

It is expected that the armistice terms for both Germany and Austria will be in the hands of the President for transmission to England and Vienna in the immediate future.

Kaiser Goes to Front; Abdication Document To Be Signed, Report

(By Associated Press)
COPENHAGEN, Nov. 1.—Emperor William has left Berlin for German grand headquarters, a message from the German capital today states.

The rumors of Emperor William's abdication are at least premature, the Berlin Vossische Zeitung says in Thursday's issue. It adds, however, that the abdication question was discussed at the latest meetings of the war cabinet and it is stated that former Vice-Chancellor Delbrück has left for the front on an independent mission for Chancellor Maximilian. It is generally supposed, the newspaper says, that Dr. Delbrück will present the emperor with an abdication document.

(By United Press)
COPENHAGEN, Nov. 1.—The Vossische Zeitung says the war cabinet is discussing the abdication of the Kaiser and that Dr. Delbrück, chief of the privy council, will present the abdication document to Wilhelm.

AMSTERDAM, Nov. 1.—The independent German Socialists are starting a nation-wide agitation in Germany for the immediate abdication of the Kaiser and the dismissal of Field Marshal Hindenburg, according to Berlin advices reaching here today. The Socialists also want the commands of Rupprecht and the crown prince withdrawn at once.

UNITED PRESS
LEASING WIRE TO TRIBUNE
PARIS, Nov. 1, 11:25 a. m.—Action equivalent to the surrender of the German and Austrian high military commanders, it is believed certain today, will be included in the armistice terms.

The surrender of Turkey to the British indicates that the allies will certainly force the enemy literally to throw the white flag in France and Italy.

The inter-allied diplomatic council meetings will not end before Sunday. This was the belief expressed here today.

PARIS, Nov. 1.—(By the Associated Press.) The armistice terms to be submitted to Germany will be confined strictly to military requirements, except that it will be brought out clearly that they are conditioned generally upon President Wilson's principles, with some modifications.

Today's deliberations in connection with the armistice were participated in by Belgian and Japanese representatives; the meeting having to do with Germany. When Austrian and Turkish Greek representatives were present, they were discussed yesterday. Serbians and Greeks were present in attendance because of their particular interest in Austrian matters.

By ROBERT J. BENDER,
United Press Staff Correspondent.
WASHINGTON, Nov. 1.—Complete surrender of the central powers to the world alone, how long it will take is a matter of conjecture, but authorities here believe not more than six months.

THREATENED WITH RUIN

Germany, these authorities say, must be weighing thoughtfully the consequences of the debacle of her military power. How long will it take to wait the call for surrender from the Versailles conference. Austria's exit from the war, military authorities point out, will expose the entire southern German frontier, where morale is the weakest and where feeling against Russia is most bitter. Bavaria, Saxony and Silesia would be the first points of contact with the troops and Munich, Breslau, leading cities, would be the first to fall. How long will it take to wait the call for surrender from the Versailles conference. Austria's exit from the war, military authorities point out, will expose the entire southern German frontier, where morale is the weakest and where feeling against Russia is most bitter. How long will it take to wait the call for surrender from the Versailles conference.

BRITISH ARE CLOSING ON AUDENARDE; TAKE TOWNS

LONDON, Nov. 1 (2 p. m.).—Field Marshal Haig's forces have made good progress in their attack on the Meuse in yesterday's fighting. The city is reported to be surrounded on three sides. Fifteen hundred prisoners were taken by the British this morning.

WASHINGTON, Nov. 1.—Americans drove the Germans out of the village of Briuelles on the west bank of the Meuse in yesterday's fighting. The city is reported to be surrounded on three sides. Fifteen hundred prisoners were taken by the British this morning.

ROME, Nov. 1.—The number of prisoners taken by the allied forces in their drive against the Austro-Hungarians in Northern Italy is still increasing. More than 100 guns have been captured. Immense booty has been taken.

ROME, Nov. 1.—The Italians are completely overrunning the Venetian plains. The war office announced today that Italian troops have reached Udine, 20 miles beyond the Piave, and are rapidly approaching Belluno and Aviano, both of which are 25 miles from the river.

WASHINGTON, Nov. 1.—The enemy has abandoned Udine, leaving vast stores of war materials, according to an official despatch from Rome to the Italian embassy this afternoon. The Italian offensive has now developed on a front of more than 200 kilometers, "declared by military critics to be without precedent during the four years of the war," the despatch adds.

The Italian army corps, despite the resistance offered by the enemy, will unite on one great front stretching between "Frentino and Friuli," says the statement.

"It is no longer possible to state exactly the number of villages and towns taken and the number of prisoners, but the number of prisoners taken during the period of invasion, in Italy, as in France, the fury of the barbarians has been intense against things and persons. Such fury has been witnessed not only by Italian soldiers, but by representatives of the press accompanying the advance columns.

"Everywhere there are tokens of willful, useless destruction and brutal robberies. Terrified eye witnesses narrate horrible scenes.

"The Italian government, the military authorities and the allies will not fail to carry out rigorous inquiry regarding abominations committed, of which the enemy must give an account.

"Italians found in free zones are in a terrible state. They lack everything, because the enemy during a year of occupation destroyed, burned, sacked and carried off everything.

UNDER PRESSURE

ROME, Nov. 1.—In their offensive against the Austrians on the Mont Grappa front in Northern Italy the Italians have pressed the collapsed, the war office announced today.

The Italians have forced the Gorge of Quero, have passed beyond the spur east of Montebelluna and are advancing in the Piave valley.

COUNT TISZA, former premier, slain by revolutionists in Austria.

COUNT TISZA, EX-HUNGARIAN PREMIER, SLAIN

Soldiers Join Mobs in Streets; Sailors Seize Warship Fleet at Pola

(By Associated Press)
COPENHAGEN, Nov. 1.—A successful revolution has taken place in Budapest and the Hungarian National Council has taken over the government, according to a message sent by Count Michael Karolyi to the Berlin Tageblatt.

The message from Count Karolyi, who is head of the Hungarian independent party, reads:

"Revolution in Budapest and national council took over government. Military and police acknowledge national council completely. Inhabitants rejoicing.

(Signed) "KAROLYI, "President National Council."

The organization of the new Czechoslovak state is proceeding in an orderly manner, according to reports from Prague received here by way of Berlin. The national council has appointed new railway, telegraph and postal officials. There have been no special acts of violence against Germans reported.

The new state has seized all the rolling stock of the railways and has taken possession of the lines as far as Bodenbach, near the front of Saxony. The Czechish banners bear the inscription, "Free Czechish Socialist Republic."

The German soldiers are being disarmed. All trains carrying food or material for Austria and Germany have been stopped and the exportation of coal has been forbidden.

LONDON, Nov. 1.—After the proclamation in Budapest, Archduke Joseph, the representative of the emperor, left the city, according to an Exchange Telegraph despatch from Zurich.

Emperor Charles, the despatch adds, before leaving Vienna, personally gave orders that all contact with the population be avoided. He instructed the authorities to yield without resistance to the new power.

COPENHAGEN, Nov. 1.—Austrian marines have revolted, seizing the warships at Pola and placing them at the disposal of the Hungarians and the Jugo-Slavs, it was reported today.

The national government in Austria has assumed full power, it was announced by Herr Renner, Socialist leader, according to a despatch from Vienna today.

Crowds outside the building where the national council was in session cheered the announcement and waved red banners.

A provisional workers' and soldiers' council has been formed in Vienna, the Berliner Tageblatt and the Deutsche Zeitung declared.

Thousands of workmen are reported to be parading the streets shouting "down with the flapsburgs." They are being joined by throngs of soldiers returning from the front, bearing red flags.

Professor Lammach, the new Austrian premier, and Count Andriassy, the Austro-Hungarian foreign minister, probably will resign, the German newspapers say.

"Complete anarchy" is expected throughout Austria-Hungary in a few days, according to advices reaching here. In a speech made to thousands of workmen and soldiers in Vienna the Socialist leader Renner declared that the national government had taken over all the powers of Premier Haulik. He urged the soldiers to remove the imperial insignia from their uniforms.

Thousands waited under red banners, while the national council was in session yesterday. The Vienna mayor was driven off when he appeared to the crowd in an effort to maintain order.

The council adopted a resolution to forward a note to President Wilson.

AMSTERDAM, Nov. 1.—The German portion of Bohemia has been formally constituted a republic, a Vienna despatch announced today.

German members of the Austrian Reichstag elected Herr Pacher, a radical, as president and selected Reichenberg as the capital.

Two separate states, apparently have formed in Bohemia, one by the Czechs. The latter constitute about 75 per cent of the population of 6,600,000. They have selected Prague, midway between Vienna and Berlin, as their capital. Reichenberg, a city of 86,000, is located 53 miles northeast of Prague.

COPENHAGEN, Nov. 1.—Emperor Charles of Austria has fled from Vienna to Godollo, fifteen miles northeast of Budapest, said a despatch from an Austro-Hungarian source today.

ZURICH, Nov. 1.—The national council at Sarajevo has proclaimed unification of Bosnia, Herzegovina and Serbia into a great Slav state. The persons imprisoned in connection with the assassination of Archduke Ferdinand, which was one of the minor causes of the war, have been liberated by the crowds.

PARIS, Nov. 1.—The Journal des Debats says it is rumored that the Austro-Hungarian fleet has surrendered to the Jugo-Slavs.

Trent Monuments to Wilson Planned

ROME, Nov. 1.—Irredentists are planning to erect monuments to President Wilson in Trent and Trieste in recognition of his leading part in the struggle for the people of the right of peoples to decide their own destinies.

AMSTERDAM, Nov. 1.—A Prague despatch to the Tageblatt of Berlin says that the Graben, the finest business street in Prague, has been renamed Wilson street.

Express Company Wages to Be Probed

WASHINGTON, Nov. 1.—The function of the board of railroad wages and working conditions has been extended to include investigation of the conditions of employment under the American Railway Express Company. Director-General McAdoo announced today that the board will direct its efforts toward establishing uniform wages and working conditions for employees throughout the country, and as an advisory board to the director-general will investigate all differences arising between officers and employees of the company.

Austrian Rout Over Wide Front Shattered Armies in Full Flight Enemy Defenses Are Caved In

BY ASSOCIATED PRESS
LEASD WIRE TO TRIBUNE.

Austria's army, shattered by blows of the Italians, British and French, are fleeing pellmell on a front of more than 100 miles, from the Brenna river east and south to the Adriatic. Apparently the enemy has lost all power of resistance. Countless prisoners are being taken by the allies.

Field Marshal Haig has again taken up offensive operations on the front south of Valenciennes and reports his troops as making good progress early Friday. On the French front and on the American sectors east and west of the Meuse, only the artillery has been active. East of the Meuse all the allied armies are marching rapidly toward the Tagliamento in pursuit of the Austrians. The Livense river, 15 miles east of the Piave and 18 miles from the Tagliamento, has been crossed, while along the lowlands north of the Adriatic the Italian third army continues to progress.

The formidable enemy defense bastion around Monte Grappa has been broken and the Austrians are retreating hurriedly from the region northeast of the Piave. The French have forced their way through the Quattro gorge and are moving toward the Piave. The French have further enlarged the wedge between the Austrian armies in Venetia and those in the mountains.

NATION SUFFERING.
Austria-Hungary's domestic situation is as bad if not worse than that in the armies on the Italian front. Count Michael Karolyi announces the institution of a republic at Budapest after a successful revolution and Archduke Joseph, the emperor's representative has left the city. Emperor Charles, under pressure, but Vienna, is reported, instructed the authorities to hand over the government to the new power without resistance. During the turmoil in Budapest Count Tisza, the former Hungarian premier, was assassinated.

Reports on conditions in Germany are meagre, probably to the German censorship. Emperor William is said to have gone to German grand headquarters. Reports of the emperor's abdication still persist.

From the western front from the Dutch border to Switzerland the allies maintain their pressure, but except for the new British thrust near Valenciennes, fighting activity is confined to artillery duels of varying intensity.

The great Tonic alliance, which for four years has carried on the greatest war in history and often seemed to have almost achieved success, is tumbling to pieces. Bulgaria and Turkey have surrendered, Austria, with anarchy reigning throughout the kingdom, is begging for peace, and Germany is anxiously awaiting the terms of the allied nations.

In fact, news of the breaking up of the enemy nations on their home fronts is more momentous than even reports of tremendous events in the theaters of actual battle.

KEY FINISHED.
has apparently given up agreed to the opening of the Alpine and the Bosporus, throwing herself upon the allies. In this phase the United States is not participant. This country is at war with the Ottoman Empire, the Black Sea, and the Balkans. The final act of the drama of the world but a few days away. Assistance to a intervention in South probably a matter of period.

NEW GOVERNMENT BORN IN AUSTRIA

TEMS OF HAPSBURGS TORN DOWN

COPENHAGEN, Nov. 1 (By The Associated Press).—Under the heading "A Republic on the March," the Berlin Tageblatt of Wednesday gives details of the events of that day in Vienna. The demonstrations began in the forenoon with a meeting of the students which was joined by workmen, in front of the Parliament building. President Dingh of the National Council in a speech declared the national government would take over the whole administration on Thursday.

"But without the Hapsburgs," shouted the crowd.

An officer in uniform then called on the soldiers and officers to remove the imperial cockades. His appeal was obeyed with enthusiasm. The imperial standard flying before the Parliament building was then hauled down upon the order of President Gross of the Austrian lower house.

RANDOLPH PICKED FOR SCHOOL BODY

George E. Randolph, 361 Athol avenue, superintendent of the United Iron Works, former candidate for mayor and for six years a member of the Board of Education, was last night selected by the Oakland Board of Education to fill the vacancy caused by the death of Dr. A. S. Kelly.

The selection was made at an executive session of the board and will be ratified at the formal appointment made at the next regular meeting of the board on Monday, November 4.

At this meeting it is expected that an attempt will be made to elect a new president of the board to fill the vacancy caused by Dr. Kelly's death. It is understood there are four candidates for the position of president and as it takes four votes to elect those in touch with the situation are little chance of a selection being made at this time.

Mrs. Marguerite Ogden-Steele is acting president.

RECORD PORPOISE—LONDON, Eng., Nov. 2.—Supposedly killed by a depth charge, a large porpoise, 11 feet long, with an estimated girth of 7 feet, has been washed up at Bank End Maryport.

GERMANS TO BATTLE HARD BEFORE METZ

WITH THE AMERICANS NORTHWEST OF VERDUN, Nov. 1 (By the Associated Press).—There have been many indications in the last few days that the Germans intend to retire as slowly and strategically as possible from their present positions, especially on the Meuse, and possibly withdraw entirely from the non-German soil. The vicinity of Metz will continue to be the pivot of this retreating movement because of its strategic importance.

Much evidence of this intention of the part of the enemy is especially recognizable on the front of the American Army. Deserters from the German lines and prisoners corroborate this information.

Even reports of artillery having been sent from the front east of St. Quentin to the Metz and Vosges regions have been received and it is believed the Germans have been tearing up narrow gauge railways on some sectors.

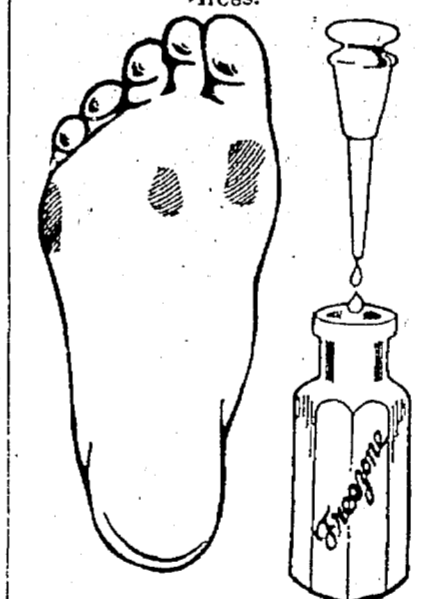

Meanwhile the Germans are organizing strong defense positions on the front of the Second Army. The artillery has been echeloned at great depth and corps and divisional headquarters are being moved to the rear.

The theory is that the Germans intend to hold stubbornly to this sector, while swinging backward on the north, pivoting on Metz. The Germans show great nervousness on the American front.

INCREASE IN NORTH. SPOKANE, Wash., Nov. 1.—Physicians reported 235 cases of influenza in Spokane today, a slight increase over yesterday's figures. Twenty-two new pneumonia cases were also listed. Seven deaths, four at Fort George Wright and three in Spokane, from influenza were reported.

HONORS FOR DEAD VETERAN. The remains of Kern Young, a veteran of the Civil war and a prominent member of Appomattox Post, G. A. R., will be buried at the Presidio, with full military honors on Monday. Young died at his home in Kansas street. He was 74 years old.

'HARD SKIN' AND FOOT CALLUSES

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the toughened calluses or "hard skin" on bottom of feet, then lift those painful spots right off with fingers.

When you peel off corns or calluses with Freezone the skin beneath is left pink and healthy and never sore, tender or even irritated.—Advertisement.

WHY RUN-DOWN PALE EXHAUSTED WOMEN SHOULD TAKE IRON

"There can be no beautiful, healthy, rosy-cheeked, steady nerves without iron. When the iron goes from the blood of women, their health and attractiveness depart. I always insist that my patients take iron. Nuxated Iron—(not metallic iron)—does more for the stomach and nerves than any other medicine. Nuxated Iron is easily assimilated, does not blacken the teeth, nor upset the stomach. It will increase the strength and endurance of weak, nervous, irritable, careworn, haggard women in two weeks' time. I have used it in my own practice with the most surprising results."—Ferdinand King, M.D., well-known New York Physician and medical expert. "Nuxated Iron is guaranteed or money refunded—On sale at all good druggists."

NUXATED IRON

Get Rid of That Persistent Cough. If you are subject to weak lungs, a cough as a warning. ECKMAN'S AFTER-ATTEMPT may aid you in stopping the cough. In addition, it is a valuable tonic and health builder in such cases. No alcohol, narcotics or any of the dangerous drugs of the market.

Wife Bady Beaten; Husband Arrested

Because Andrew Majors reached home in an intoxicated condition last night, he is in the city jail today and his wife, Mrs. Nellie Majors, is suffering from a severe beating which he administered. According to Mrs. Majors, he has been a model husband, but last night he became brutal and after knocking her unconscious with his fists he picked her up and threw her downstairs. When inspectors J. P. Mulhern and William Smith arrived they found the woman in the back yard unconscious.

W. H. PAYNE DIES. William Howard Payne, residing at 678 Sixty-third street, died yesterday after a brief illness, adding to the list of influenza victims. He was 26 years old.

New Hearse Smashed in Auto Collision

Several persons were only escaped serious injury today when a new \$5000 Hearse belonging to ex-senator R. J. Truman was demolished when struck by an automobile driven by Mrs. Dr. Fred Gray, thoroughbred in Vallejo. Mrs. Truman was seriously injured, and is being treated at Vallejo hospital. The Hearse was turned on its side and rolled into a vacant lot. Joseph P. Simon, his wife, and Miss L. Happersatt were riding on the Hearse. The Hearse, which is owned by Truman, was purchased only a week ago and was the first time it had been out.

E. C. Hodgins Dies; Spent Winter Here

Ellsworth C. Hodgins, a business man of Bangor, Me., died here yesterday after an illness of several weeks' duration. Hodgins, who had spent his winters in this city for several years, had quite a wide acquaintance in the bay cities. Funeral services will be conducted tomorrow afternoon at 2 o'clock at the James Taylor Company, 588 Fifteenth street. He was a 22nd degree Mason, and also held membership in the order of Elks in his home city.

He was a son of Mrs. Susan Hodgins, brother of Mrs. F. W. Shores and of Mrs. Trumore Chapman, all of Oakland. Surviving him are also his widow, a son, two daughters and a brother, all of Bangor.

Miss Hospitalier Passes Suddenly

Miss Isabelle Hospitalier, the 19-year-old daughter of Harry Hospitalier, a well-known musician of this city, died yesterday at her home, 837 Thirty-eighth street, following a sudden attack of heart trouble. No arrangements have yet been completed for the funeral.

large porpoise, 11 feet long, with an estimated girth of 7 feet, has been washed up at Bank End Maryport.

TWO DARING AMERICANS ROUT HUN GUNNERS

By BERT FORD. International News Service Staff Correspondent.

WITH THE AMERICAN ARMY NORTHWEST OF VERDUN—Lieutenant David Hunter of Rockford, Ill., and Private U. L. Hartman of Baltimore, Md., distinguished themselves in the four days of fighting at Belleau Wood by repeatedly driving German machine gunners from a ridge with their bayonets.

One machine gun, strongly entrenched in an old dugout, held up our advance at one point for half an hour despite all efforts to silence it. Hunter and Hartman crept in from opposite sides, rushed the gunners and cleaned out the nest.

MYSTERY VEILS LOSS OF MONEY

The police department has been unable to find any trace of 200 in currency which Mrs. Emily May Harrell, 93 Sixth street, San Francisco, says she lost while making a visit at Belleau Wood. Harrell, 1748 Eighth avenue, last evening.

Mrs. Harrell told inspectors J. P. Mulhern and William Smith, who were detailed to investigate the matter, that yesterday she received \$257.30 from Carrow at a local bank. Carrow then suggested that she come home with him for dinner. She accepted the invitation and wrapped the money in a handkerchief and placed it in her handbag.

When she returned she discovered that \$200 of the money was missing. A search was made and the handkerchief in which the money was wrapped was found in an adjoining room.

The inspectors searched the house and suggested to Mrs. Harrell and Mrs. Carrow that they go into another room and search each other, which they did without results.

Call Loans Drop From 6 to 4 Per Ct.

NEW YORK, Nov. 1.—An unexpected development in the New York money market today was a decline in call loans from 6 to 4 per cent, the lowest rate in three months. The decline was based on such logistical conditions as the successful flotation of the Fourth Liberty Loan and the meeting of all necessary requirements for the moving of crops now under way.

The drop in money rates was, nevertheless, surprising because of the steps recently taken by the local money committee to regulate bank loans by maintaining relatively high rates for call and time funds.

Artillery Units Are Hammering Boches

SEATTLE, Wash., Nov. 1.—An announcement was authorized here that nearly six regiments of Artillerymen trained in the fort defenses of the Puget Sound district are now demonstrating their marksmanship on Germany's retreating hordes in France. The announcement was made by Colonel S. E. Allen, commander of the North Pacific Coast artillery district.

Man Robbed and Beaten by Negroes

Joseph Silva, 1667 Ninth street, was taken to the Receiving Hospital last night after having been held up, robbed and badly beaten by two negroes at Seventh and Adeline streets.

Silva was found by an officer staggering along the street and arrested for being drunk. The officer soon discovered that the man had been beaten. He could give no adequate description of his assailants, who he thought they were from the "hood."

Break a Cold In Few Hours

First dose of "Pape's Cold Compound" relieves the cold and gripe misery—Don't stay stuffed up!

Relief comes instantly. Two doses taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and sniffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.—Advertisement.

MOSBACHER'S CLOAK AND SUIT HOUSE

517-519 FOURTEENTH STREET OAKLAND

ALL PRICED VERY CLOSE

Fine Suits, Coats and Dresses

THE same principle that narrows the profit margin on a \$25 coat also applies here in the pricing of a \$75 coat. . . . We are not seeking to recoup at one price the profit we relinquish at another.

LIKEWISE AT EVERY PRICE THE CHARACTER OF THE GARMENT IN STYLE AND TAILORING IS VOUCHSAFED FOR AND GUARANTEED BY US.

OUR STORE WILL CLOSE THIS SATURDAY AT 6 P. M.

—No place like MOSBACHER'S for values—

BELL ENDORSED BY LOCAL CLUB

The Jefferson Club, a Democratic organization of Alameda county, yesterday afternoon adopted the following resolutions endorsing Theodore A. Bell:

"Whereas the Jefferson Club of Alameda county, California, has, from its organization, and does now stand firmly for the principles of Jeffersonian Democracy, and has at all times consistently supported Democratic candidates for state and national offices, and:

"Whereas, by reason of a defective primary election law, our party was denied the privilege of choosing our party candidate for the office of governor at the primaries, and:

"Whereas the great Democratic party of the State of California, has placed upon the official ballot the name of one of the most honored and distinguished members of the Democratic party in the State of California; the Honorable Theodore A. Bell, for governor.

Be it resolved,

"That we, the Jefferson Club of Alameda county, California, do hereby endorse the Honorable Theodore A. Bell, as the standard bearer of the Democratic party in the State of California, and we hereby pledge our undivided support of Theodore A. Bell, as the Democratic candidate for the office of governor of the State of California."

Wm. J. Hayes, J. W. Dignan, Sec. retaries."

NO SMOKING IN CARS NOW FOR CHICAGOANS

CHICAGO, Nov. 1.—Smoking in the front vestibule of street cars, smoker cars on the elevated trains and even those on the suburban trains of the steam roads have been abandoned permanently, Health Commissioner John-Dill Robertson announced today.

"The influenza epidemic started it and we will finish it," the commissioner said. "My jurisdiction does not extend to the steam roads, but I am informed they purpose abandonment of smoking cars. Why should we go back to the old days? Smokers themselves, for the most part, approve the new regulations."

media county, California, do hereby endorse the Honorable Theodore A. Bell, as the standard bearer of the Democratic party in the State of California, and we hereby pledge our undivided support of Theodore A. Bell, as the Democratic candidate for the office of governor of the State of California."

HUNS LOSING ON RUSS SITUATION

Mixed with all their other troubles, the Germans are facing almost total loss on Russian investments as a result of the Treaty of Commerce.

Such is the information that came to the Foreign Trade Bureau of the Oakland Chamber of Commerce this morning in advice from the Bureau of Foreign and Domestic Commerce in Washington.

The bureau transmits a report from Paul L. Edwards, United States Commercial attaché at The Hague saying that Russian exchange is now 50 per cent below par in Berlin and German creditors are consequently almost in a panic.

They want the government to establish a credit for Russian account in Berlin and take from it payments due Germans.

Attache Edwards also reports that in Lodz, Poland, the value of the Russian ruble has dropped from its par value of 2.16 marks to seven-tenths of a mark in the neutral countries of Switzerland and Denmark.

Aircraft Report Flays Officers Incompetency, Not Graft, Is Charge

CHICAGO, Nov. 1.—It was said at the office of the United States District Attorney here today that the indictments probably would be returned tomorrow in connection with the air craft scandal. The men to be named all live in Chicago, it was said.

WASHINGTON, Nov. 1.—Long awaited report on the aircraft investigation, conducted during the last five months by Charles E. Hughes and Attorney General Gregory, was placed before President Wilson today and made public.

Delays and wastes of the production program, the report described, were due chiefly to "defective organization of the work of aircraft production and the serious lack of competent direction of that work by the responsible officers of the signal corps."

No fault is found with the management of aircraft affairs since reorganization of the signal corps, placed John D. Ryan in charge. The civilian personnel of the aircraft production board is exonerated of wrongdoing.

Attorney General Gregory, in a letter transmitting the report to President Wilson, says he is in "substantial accord" with the findings by Mr. Hughes.

The report finds no "graft" in the generally accepted sense, but makes recommendations for proceedings against army officers and civilians in dealing with corporations in which they were interested.

The chief waste from the original appropriation of \$21,851,586, the report says, was in the abandonment of two types of airplanes—one of them the Bristol—and failure to salvage, aggregating about \$2,400,000. Figures show that last March 1, 1918, 900 of that great appropriation had been disbursed, and up to October 1 the expenditure had reached about \$140,000,000 for all aviation purposes.

This did not include expenditure of the sales department which buys material and resells it to manufacturers, and for advances for building plants, however, committed about \$470,000,000 of the fund. The figures are given in answer to the general charge that the sum had all been expended with practically no results.

The evidence discloses conduct, which, although of a reprehensible character, cannot be regarded as affording a sufficient basis for charges under existing statutes, but there are certain acts shown, not only highly improper in themselves, but of special significance, which should lead to disciplinary measures.

PROSECUTION URGED.

"The evidence with respect to Colonel Edward A. Deeds should be presented to the Secretary of War and that Colonel Deeds may be tried by court-martial under articles 55 and 96 of the Articles of War for his conduct (1) in acting as confidential adviser of his former business associate, H. E. Talbot of the Dayton-Wright Airplane Company, and in conveying information to Mr. Talbot in an improper manner, with respect to the transaction of business between that company and the division of the signal corps of which Colonel Deeds was the head; and (2) in giving to the representatives of the company on public information a false and misleading statement with regard to the progress of aircraft production for the purpose of public relations."

"The absence of proper appreciation of the obvious impropriety of transactions by government officers with agents or corporations in which they are interested compels the conclusion that public policy demands that the status of such officers be strictly enforced. It is therefore recommended that the officers found to have had transactions on behalf of the government with corporations in the production of which they had an interest should be prosecuted under Section 11 of the Criminal Code."

LOSS \$24,000,000.

Of the \$21,851,586 originally appropriated for aircraft production disbursements reported down to June 30, 1918, including advances for building of plants and outlays for the sales department, similar expenditures amounted to \$430,000,000, and \$276,000,000 of the appropriation remained unexpended at the end of the year. Of the \$155,000,000 spent for airplanes and engines \$25,000,000 was for overseas manufacture, \$21,000,000 in advances to contractors, and \$1,000,

SAVE
ONE
HALF

Sold! The Syndicate Bldg. for \$153.21

'Up Broadway this August Frost from Cheese Creek strolled, his pockets lined with Lizzie Lee Flora de Caboagais Oderferos. He looked like the Ace of Dill Pickle magnets to the ever-alert Velvet Pest whose vocation is delving in hot weather stuff and sundry walnut shifting stunts. The slippery one just naturally became tangled to the Desert Deck Hand that he might see the town properly. Every time he knocked the Desert Lizard a twister the cactus fumbled, and it wasn't long before he had him falling in the bay. The skidding one's gift of chatter soon had the tarantula frozen as stiff as a board, so it wasn't any stunt at all to sell the Syndicate Building for \$153.21 to this Gila Monster. With a pair of interfering straps on, the lizard is now back in Cheese Creek, gathering in a few more green wrappers to make the finishing payments on his option on the City "Haul" and Auditorium.

Our Home Talent Slicker says, "Why not get it, while one's shoes are good?"

The dentist in the ethical dental trust believes that dentistry is worth all the patient will pay. When it comes to realizing on a patient, (the dental trust dentists are the real dahlias. They make the coal barons look like a bunch of paupers.

Now, good readers, the day of the public-he-d policy is gone. This is the era of the public be satisfied! The dental trust tries to impress you with its purely unselfish motives and in the meantime nine out of ten of you are going without proper dental attention because you can't afford to pay the dental trust prohibitive prices. This neglect reduces the vitality of ninety per cent of our people, which up, as the way for ravages of pestilence and disease. A strong body can resist or throw off almost any contagion.

If the vitality is low, the resistance to disease is in proportion. On November 5th you will have a chance to vote for more light on this dental situation, and as California has been called upon before to settle trust questions that were a menace to the community, every broad-gauged, red-blooded man and woman in this State is called on to vote a virile "Yes" on amendment 21, and by doing so, aid in restoring better health to the State and bring the price of dentistry within the reach of all.

It will pay you in health and purse to investigate Anderson Dependable Dentistry. For twenty-two years it has been the best in California. I use S. S. White Dental materials—those accepted by the U. S. Government as the best. For years I have been using Procaine, the same anesthetic indorsed by the United States Government as the best for relieving pain in dental operations. I have eighteen associates I would like to match in experience and skill against eighteen of the best of the ethical dental society can produce.

I'll save you one-half on what the dental trust dentist will ask you, and I back up all of my work with a guarantee that means something. My easy payment plan—pay a little at a time—as your work progresses.

Bolshevik Execute Woman Revolt Head

AMSTERDAM, Nov. 1.—According to a Petrograd telegram, Madame Breshkovskaya, grandmother of the Russian revolution, was shot on October 27 on the charge of opposing the Bolshevik regime.

Special dispatches from London on October 16 said that Madame Breshkovskaya was reported to have died in Russia on September 14.

Be a Belle of the Ball

Let Stuart's Calcium Wafers Drive Away Pimples and Skin Eruptions and Give You a Complexion That Is a Marvel of Beauty.

Send for a Free Trial Package

Nature decreed that every woman should have a clear, smooth, delicate skin. If it is blotched with pimples, blackheads and other such eruptions, it is simply a evidence that the skin lacks certain elements that promote and preserve skin health. And the greatest of these is the wonderful calcium sulphide in Stuart's Calcium Wafers. It is one of the natural constituents of the human body. Your skin must have it to be healthy. It enriches the blood, invigorates the skin, drives up the pimples, boils, eczema and blotches, enables new skin of the texture to form and become clear, pinkish, smooth as velvet and refined to the point of loveliness and beauty. To use these wonderful wafers means to become the belle of the ball. Stop using creams, lotions, powders and bleaches which merely hide for the moment. Get a 50-cent box of Stuart's Calcium Wafers at any drug store today.

And if you wish to give them a trial send the coupon below.

POLITICAL NOTES

Dave H. McLaughlin has had a new campaign picture made to conform to his present appearance under the mask ordinance. He says that half of the people he meets do not recognize him behind a mask, so he wants them to know how he looks as a law-abiding citizen under present conditions. "Generally a man with a mask is out to break the law," says McLaughlin, candidate for county treasurer, "but the mask wearers today are the law obeyers, even if we are to hide the bigger part of our handsome faces."

The East Oakland Shipbuilders' Club at its last meeting passed resolutions endorsing the candidacy of Supervisor William J. Hamilton for re-election. Attention is called to Hamilton's efforts all being for a fair deal to union labor. The officers of the organization are W. J. McHale, president; W. C. Allen, secretary, and Joseph Hood, treasurer.

Former Mayor Frank Otis of Alameda has issued a strong endorsement of Judge St. Sure for the superior bench. Speaking of his qualifications, he says: "I support him because of his legal ability, experience, judicial temperament, fairness and probity. During the many years in which I have taken an active interest in public affairs, I have had ample opportunity to observe and estimate Judge St. Sure's career as a practitioner, judge and city attorney, and testify that it has been excellent."

J. A. Hill, candidate for public administrator, has found one supporter who cannot be moved—D. A. Coney, father of Milton Coney, formerly manager of Bertillon's store, but now "somewhere in France." Milton has written his father: "I can't be home to vote at the fall election, but I have one thing I want you and mother to do for me—place—vote for my old friend Hill for public administrator."

Supervisor Charles Heyer is not so busy in his campaign but that he finds some time to supervise the rice mill now being operated by him to help the food situation. He announces that his interest will be turned over entirely into this manufacture.

While the influenza epidemic is playing havoc with political plans it has not dampened the spirits of the friends of Edgar S. Hurley, candidate for the assembly from the Thirty-eighth Assembly district. Prior to the ban being placed on public meetings, a campaign committee consisting of the following well-known men met and organized to work in behalf of Hurley's candidacy: George Wagner, William A. Spooner, Sam J. Donahue, F. H. Pratt, Lewis Smith, Morris Schneider, Abraham L. Leum, G. A. Trenke, Thomas L. Harris, Michael J. McDonough, Frank B. Perry, Joseph Silva, M. A. McNelis, Perry Burlingame and George McBee.

The following members of the San Joaquin County Bar Association have recommended the election of Hon. Thomas J. Lennon and Hon. Curtis D. Wilbur to the two vacant places about to occur in the Supreme Court of the State of California: George McVie, Alameda, D. P. Dicke, B. M. Baldwin, Percy S. Webster, A. H. Ashley, H. W. Coole, Ben Berry, Frank A. Henning, Gordon A. Stewart, Stephen S. Blewett.

The East Oakland Street Car Men's Club has been organized with a view to bettering the standard of various aspirants for office. C. J. Clark is president of the club, A. E. Adams vice-president, C. B. Duncan treasurer, Charles E. Green secretary, and W. J. Moorhead chairman of campaign committee. The latest endorsement by the club is the candidacy of Herbert D. Wise, who is running for the office of justice of the peace of Brooklyn township. Wise has been endorsed by many attorneys, including L. C. Leet and A. B. Coffman, who were his opponents at the primary.

Mother Calls for Ray Hollingshead

Raymond Hollingshead, wherever he is, his mother is calling for him from her sick bed at home. She says she fights for life she calls for him, and struggles to live that she may see him again.

Raymond disappeared from his home at 92 Thirty-second street, July 28. No word from him has been heard and his absence has greatly aggravated the illness of his mother, Mrs. Raymond Hollingshead.

The lad is described as 16 years old, 5 feet 4 inches tall, and has brown eyes and brown hair.

UNABLE TO WALK AFTER ATTACK

Laid Up for a Month With Rheumatism, Tanlac Overcomes Troubles

"When I began taking Tanlac for my stomach trouble I didn't look for it to relieve my rheumatism, too, but it has actually done both and I am now feeling like a new man," said Guy Gibbs, who is employed at the Hotel Oakland, where he also makes his home, the other day.

"For several years," he continued, "I was a sufferer from stomach trouble on the most serious form. Everything I would eat soured and lay in my stomach like a stone, and the gas that formed from my undigested food would blow me up till I would be in misery for hours. I was badly constipated and my whole system seemed to be poisoned from it. Then about four months ago I came down with an attack of rheumatism that laid me up for a whole month. My feet were so sore and tender I couldn't bear my weight on them and I was actually unable to walk or get around at all.

"While living in Denver, Colo., two years ago, I heard a good deal about Tanlac, so when it was introduced here a few months ago I got me a bottle to try. My first bottle straightened me out so I can eat and digest my food without the least bit of trouble. I kept on taking Tanlac to make certain that my stomach was all right. I didn't thought at all about its affecting my rheumatism, so you can judge of my surprise when I began to notice the soreness and pain leaving my feet so I could get about better. The time I had finished my fourth bottle a real rain came and work and haven't had any trouble since. I have a big appetite and everything agrees with me perfectly. I sleep like a rock at night and have more strength and energy than I have had in a long time. I am always glad to recommend Tanlac to people who are in trouble. It was in for it. It will certainly relieve their troubles."

Tanlac is sold in San Francisco and Oakland by The Owl Drug Company stores. Advertisements.

Gauze Masks—
10c
—White Goods Section,
First Floor.

Owing to the influenza epidemic in the community this store will be closed tomorrow night (Saturday) Nov. 2d at 6 o'clock.

The urge for early Christmas Shopping and the necessities of the season call for busy weeks ahead.

Thousands of people in this and other cities are three weeks behind with their autumn shopping, and as every one of them has to make provision for the needs of the season, we have a busy time ahead of us.

Think of it—LESS THAN EIGHT WEEKS UNTIL CHRISTMAS, more people to be served than ever before, with the store under government orders to limit salespeople and deliveries for the holiday season.

We are ready to serve you well with splendid stocks of practical gifts, of dependable apparel, home furnishings and the many other things needed now.

EARLY CHRISTMAS SHOPPERS CAN BE SERVED MOST ADVANTAGEOUSLY. It will be of undoubted benefit to you to help us distribute the season's business evenly and to avoid a tidal wave of Christmas shopping later.

Buy Toys Now for Christmas

By buying now you are sure of getting them and you are complying with the government's wish to shop early.

Toyland is Ready!

Uncle Sam has said that this is to be a children's Christmas, and all mothers and fathers have agreed, so Toyland is a-tingle with everything to gladden the heart of a child.

OAKLAND MAN WINS DECORATION

Decorated with the distinguished service cross by General Pershing and recommended for the cross de guerre, Lieutenant Walter S. Christensen, who is reported killed in action, is believed to have fallen at the battle of Chateau Thierry. Lieutenant Christensen, who was 43 years old, is survived by a widow, Mrs. Imogene Christensen, 2511 Twelfth avenue. He served in the ranks during the Spanish-American war in the Philippines and Cuba. When conscription last year as a lieutenant and sent to Plattsburg as an instructor he was a sergeant serving in Hawaii.

After leading an attack while suffering from shell-fire wounds in the leg and shoulder, he charged a machine gun nest and captured single-handedly five of the enemy, winning the recommendation for the cross de guerre.

He was the first man in the 16th Infantry to receive honors.

The following Californians are mentioned in today's casualty list issued by the War Department:

Died of disease—Darrell C. Mitchell, San Joaquin.

Wounded severely—John M. Miller (previously reported missing), Academy; Frank Gosling, Watsonville; Edgar S. Gandy, Ukiah.

Wounded, degree undetermined—Fred J. Pesoto, Fresno.

Wounded slightly—George Wolfe, of Fresno.

The names of Americans in German

"Bill the Gull" Has Returned Grayback Is Famous Pilot

Bill, the Gull, better known as Bill, the Pilot, by the men at the plant of the Moore Shipbuilding and Dock Company, has returned from a brief voyage to the Farallones and is receiving the glad hand and the hand-outs of his mates among the workers at the big yard.

Bill is a grayback. Not a cootie, you understand, but a gull who has grown gray from long years of voyaging up and down the Pacific. For many years Bill piloted wind-jammers and steamers through the Golden Gate to an anchorage in San Francisco bay. Of late, however, he has given over his self-imposed duties as a pilot, for the most part, to take up shore duty at the main gate of the shipyard. He paces back and forth before the entrance with the rolling gait characteristic of Jack ashore, and now and then casts a nautical eye aloft for signs of bad weather. He messes with the men at the noon hour, and says the grub, as a whole, is better than the salt horse and hardback of his days at sea.

"BILL" IS SAILOR.

Bill is in every sense a deep-water sailor, and he therefore has little use for those of his fellows who are content with less tempestuous voyaging.

Between voyages he hob-nobs with the workmen and spins deep-sea yarns with the retired ship captains who are ensconced in the sailors' snug harbor at the plant.

"This is the life," says Bill, "voyaging for the fun of it and putting the hum in hunger for the Hun."

He classes the gulls who get the thrill of adventure from piloting the ferry steamers from Oakland to San Francisco and return as "day sailors," and disposes of their nautical pretensions with a contemptuous flip of the wing, and the observation that they are "fit only for service in the green and blue along the Sacramento and its tributaries." He has absolutely no use for the gulls who do their voyaging on Lake Merritt. These he classifies as "inland sailors," fit only for association with the members of the Indoor Yacht Club.

When they began building ships for the United States Government at the Moore plant, Bill signed on as pilot with the Shipping Board. Since then he has piloted seventeen steel freighters on their trial trips to the Farallones and return. He reports for duty at the first hoarse blast of the ship's siren and takes up a position of vantage aloft the bridge, where he remains while the vessel is warped into the stream and steamed down the estuary. Just as soon as her nose is pointed in the direction of the Golden Gate, however, Bill begins to issue orders, in a voice that cracks like a rusty capstan. From then until the ship is again safely anchored at the Moore plant Bill is on the job every minute.

Between voyages he hob-nobs with the workmen and spins deep-sea yarns with the retired ship captains who are ensconced in the sailors' snug harbor at the plant.

"This is the life," says Bill, "voyaging for the fun of it and putting the hum in hunger for the Hun."

HERO WHO FOILED CAPTORS IN CITY

Bunt Cohn, a private in the First
Engineers, Rainbow Division, who
was wounded when he escaped from
a German prison camp at Metz, ar-
rived in Oakland last night to visit
his mother, Mrs. I. E. Cohn, who
lives at the Harrison Apartments. He
will return Monday to New York.
The young man is a nephew of M.
A. Gunst.

Cohn was decorated with the Croix
de Guerre, won through valuable in-
formation given the military author-
ities in Paris after his escape from
prison, and the while shoulder cord of an
escaped prisoner of war. He was
captured during the big German
push in the Verdun last March and taken
to several German prisons, finally to
Metz. Here he overpowered one
sentry, shot another and made his
escape in disguise across the Moselle.
The lines of the American Marines
lie tells of the starvation and other
brutalities practiced upon him by
his captors in an effort to get him to
divulge information concerning the
United States troops.

About a month ago Cohn was in-
valued to New York, and was a pa-
tient at a hospital in Oswego. When
sufficiently recovered he was
sent by the government to Los
Angeles in the interest of war pic-
tures, but owing to the preva-
lence of Spanish influenza was
unable to take up the work. He will
return to New York and expects to
come to California again when the
present epidemic has subsided suffi-
ciently to permit war picture work.

James B. Smith Is Bunker Representative

James B. Smith, former vice-
president and general manager of
the Western Fuel Company, with
bunkers in Oakland and other cities
and at present president of the
King Coal Company, has been ap-
pointed to represent the govern-
ment in the capacity of bunker rep-
resentative of the bureau of distri-
bution of the Fuel Administration
for the ports of Oakland, San Fran-
cisco, San Pedro and San Diego. In
this position Smith will supervise
the bunkering of all vessels out of
California.

The governmental duties and
powers will be important, according
to the announced plan of adminis-
trator Albert E. Schwabacher, an
embargo has been placed upon
the exportation of Eastern mined
coal to west coast ports and here-
after all the coal of that trade will
be supplied with Pacific Coast mined
coal, shipped out of Pacific Coast
ports.

Wine or Sugar?

Syrups for Canning Purposes to Be
Made From Grapes

Opponents of the Bone Dry Meas-
ure have been endeavoring to hood-
wink the voters of the State by
stating that such a measure would
destroy the vineyards.

According to the delegation sent
to Washington to fight Prohibition,
there is no hope for the wine busi-
ness. Mr. Welch of Lodi, says that
"the most radical opponents of
Prohibition concede" ratification of
the National Amendment by next
May. "In the meantime war-time
Prohibition will go into effect July
1, 1919. There is no shadow of a
doubt that it will pass."

Fortunately the vineyardists will
not need to depend on the wine
makers' trust, which has so long
blatantly deceived the people of Cal-
ifornia. Issued a statement on Sep-
tember 18, that the \$4,000,000
worth of wine grapes in our state
would, if reduced to syrup, replace
40,000 tons of sugar and would be
worth double the amount they are
now worth for wine.

There is no need of tearing up a
vine. The syrup can all be used
in the canneries instead of sugar.

A vote for the Bone Dry Measure
will be a vote for sugar as against
booze.

VOTE "YES" ON NUMBER 22
ENTITLED "PROHIBITION."

Lieut. McClure Is Dead in France

First Lieutenant Hunter McClure, of Oakland, nephew of Mr. and Mrs. George H. Harris, 34 Highland avenue, died in France of disease, according to word received by Harris. Lieutenant McClure was attached to N. Company, Twenty-first Engineers. He died September 26.

Lieutenant McClure was a graduate of Cornell University, and at the time of his enlistment, in December, 1917, was in charge of a field party on the valuation work of the Interstate Commerce Commission in this State.

Two brothers, Captain L. C. McClure and Lieutenant Robert McClure, are serving in France; and a third, W. A. McClure, is with the I. C. C. valuation department at Minneapolis, Minn.

Harris is general superintendent of the Key Route Railways.

NATION GOES "OVER TOP" IN BOND DRIVE

WASHINGTON, Nov. 1.—Six billion, eight hundred and fifty million dollars was subscribed to the Fourth Liberty Loan, an over-subscription of \$850,000,000. It is estimated that \$21,000 persons bought bonds.

PROMISE BROKEN, SAYS MRS. CORDS

SAN FRANCISCO, Nov. 1.—Broken promises, infidelity and extreme cruelty are the charges made in the divorce complaint of Mrs. Alice Cords against Robert Cords Jr., president of the Western Tallow Company. The suit is a sequel to the series of domestic events that have kept the Cords household disturbed for many months.

First Mrs. Cords filed a suit for separate maintenance, alleging relations with other women. The suit was filed May 2, and later dismissed when the couple adjusted their difficulties and became reconciled. Then on June 26 at their apartment in the Fairmont hotel Mrs. Cords shot and seriously wounded her husband, saying in defense of her action that he had broken the promises made when she dismissed her suit. Cords did not prosecute and the affair appeared to blow over.

In her divorce complaint Mrs. Cords charges that Cords broke his promise to give up Miss Olive Curtin, his stenographer, upon whom she claims he lavished his money and affections. She says that he began to be attentive to the stenographer in April, 1918, and that thereafter her employment as his stenographer was a mere pretense. She says that Miss Curtin lives at 639 Fortieth avenue and that Cords one time removed his luggage from the hotel to the home of Miss Curtin's parents. She charges that her husband took automobile rides to cities about the state with Miss Curtin.

A mysterious "Miss X" is named also in the divorce complaint, and it is alleged that Miss X called Cords away to Los Angeles on the pretense of important business and that while on the trip he met Miss Curtin.

The complaint recites that Cords threatened to choke his wife and that he beat and abused her and demanded that she give back to him all the property he assigned to her when they became reconciled prior to the shooting. She says all her jewelry is pawned, and asks for alimony of \$500 a month and the right to resume the name of Alice Belyea.

HARRY L. SULLY, OF TRIBUNE, DEAD

Harry L. Sully, one of the best known newspaper men in California, and for more than ten years a member of the editorial staff of the Oakland Tribune, died yesterday afternoon at the home of his mother, Mrs. Florence M. Sully, 1122 Arch street, following an illness of a week. Spanish influenza, followed by pneumonia, was the cause of his death.

Besides his mother he is survived by a widow, Mrs. Evera M. Sully, a sister, Mrs. A. J. Mervy, and two brothers, Gilbert P. Sully and James O. Sully.

Sully was born in Arizona, 34 years ago. He received his education in the Berkeley schools and the University of California. He began his newspaper career in the college town, where he was associated with the Berkeley branch of THE TRIBUNE, later coming to the Oakland office as head of the City Hall bureau and as special writer.

RESOLUTION PASSED. Mayor John L. Davis this morning offered a resolution which the city council unanimously adopted, expressing that body's high appreciation of Harry L. Sully and Stuart G. Masters. The resolution is as follows:

Whereas, Divine Providence has seen fit to remove from our midst Harry L. Sully and Stuart G. Masters, deceased newspaper men of the highest standing, who represented the finer ethics of the profession; therefore, be it

Resolved, That the city council expresses by this resolution its sincere condolence to the families of Harry L. Sully and Stuart G. Masters, deceased, and an appreciation of the pleasant associations established by their unofficial connection with affairs of the city of Oakland and their unquestioned probity and unflinching courtesy in the conduct of their profession; be it further

Resolved, That the council, when it shall adjourn this day, do adjourn to read to the memory of the late Harry L. Sully and Stuart G. Masters; and be it further

Resolved, That a copy of this resolution be spread upon the minutes of this council and that a copy be sent to the bereaved families of the decedents.

Stuart Masters Dies; Victim of Influenza

University of California graduate, editor of his class edition of Blue and red and prominent in newspaper circles since 1902, Stuart G. Masters, at the age of 14, lies dead today, a victim of the influenza. His mother, Mrs. R. S. Masters, lives at 1201 Shattuck avenue, Berkeley.

His brother, Romney S. Masters, and the Newspaper Men's Club are in charge of the funeral arrangements. The body will be cremated tomorrow morning at 11 o'clock.

Masters was seized with the malady ten days ago in San Francisco. After the first attack he rallied and his condition improved steadily and his physician, Dr. George Morton, expressed confidence in his recovery. Yesterday, however, he experienced a relapse and the end followed quickly.

Masters was born in China, where his father was a missionary. The family removed to Berkeley when Stuart was a small boy.

New Serum Given Crowd in Richmond

RICHMOND, Nov. 1.—Dr. Charles R. Blake, city health officer, spent a busy hour this morning in the Red Cross emergency hospital administering the anti-influenza serum to a crowd of people who came to take advantage of the treatment. All the nurses in the hospital and in other hospitals of the city were likewise treated.

All danger of a further spread of the epidemic seems to have passed with the reduction of the number of new cases to 22 in the last twenty-four hours, with two deaths. Physicians say a number of deaths can still be expected from pneumonia patients, but that a further reduction of new cases daily may be expected.

Daughter's Death Follows Father's

While the funeral services of her father, Edwin Angwin, who died of heart attack, were being conducted yesterday afternoon, Mrs. Sylvia Johnson, 615 Ocean View Drive, died of acute pneumonia following Spanish influenza, at the Oakland Central Hospital. Her husband, Albert W. V. Johnson, is hospitalized from New York, where he has been on a business trip. Mrs. Johnson was taken ill on Tuesday. Besides her mother, Mrs. E. E. Angwin, she is survived by her husband, a sister, Mrs. Rachel Beebe, and two brothers, Eastance and Lawrence Angwin. The Angwins were pioneers in California, having settled more than 50 years ago near St. Helena. They have lived in the bay cities ten years. Mrs. Johnson was 35 years old.

Steamers Withdrawn Due to Restrictions

SAN FRANCISCO, Nov. 1.—Withdrawal of two steamers, the Billiton and the Nias, from the Java-Batavia line operating between this city and Java by way of Singapore and Hongkong, has just been announced. Other withdrawals are to be made, the officials of the company, unless the restrictions on imports and exports are modified by the government. The steamers taken from the Java service are to be used in the Asiatic waters, according to Captain Van Runkel, marine superintendent of the Dutch line, and R. J. Kilbey, traffic manager.

"We are having difficulty in getting enough import cargo, not restricted, and we have been having trouble in getting the export cargo," explained Van Runkel. "There is no intention to run light or in ballast."

Influenza Less in Southern City

SAN DIEGO, Nov. 1.—The influenza situation improved here, only forty new cases being reported as against a seventy-two the day before. Only one death was reported. The County Medical Association has been called on to decide whether a quarantine shall be established. The county grand jury today adopted a resolution asking the city council to make the wearing of gauze masks in public compulsory.

SAYS MURDER IS RIFE IN RUSSIA

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

LONDON, Nov. 1.—Discussing the position of British subjects in Russia in the House of Commons today, Lord Robert Cecil, assistant secretary of state for foreign affairs, said that the government's information was that the amount of blood shed by the present government of Russia greatly exceeded anything that ever took place under the imperial regime.

"There has been no pretense of justice," he said. "People of all nationalities have been arrested and imprisoned without any reason being given. Moreover, there has been a large amount of casual murder and brigandage throughout all of European Russia. There has also been reckless destruction of all means of subsistence."

500 WOMEN IN MONTH TAKING NON-WAR JOBS

From five hundred to six hundred women a month are taking the places of men in Kershaw occupations deemed non-essential to the successful carrying on of the war, according to a statement issued today by J. N. Gould, chairman of the Community Labor Board of this city. Their numbers are increasing daily, says Gould, and are extending to all of the cities and towns of Alameda county.

Plans are being formulated by the board to check up the unemployed men of draft age in the Kershaw country with the object of placing them in essential industries. It is also proposed to transfer men from non-essential occupations into war work.

Notice has been served upon the merchants of Oakland and the Kershaw country in general to prepare lists of men in their employ who are subject to draft under the non-essential occupation list recently issued by the United States Government.

CIVILIANS TAKEN BY BEATEN HUNS

WITH THE AMERICAN ARMY IN FRANCE, Nov. 1 (By the Associated Press).—The Germans are removing the civil population in advance of the retreat of their armies from French soil. A document captured by American soldiers contains instructions for rounding up the male population capable of bearing arms, and all civilian commanders are ordered hereafter to search each district systematically and to deliver under guard to the local commander all men between 14 and 60, together with all cattle.

Concentration camps will be established near the headquarters towns for the civilians who are to be removed. The cattle will be taken to the nearest slaughter-house. The German order also provides that all horses must be taken and concluded: "The purpose in view cannot be accomplished except by proceeding without the slightest consideration."

CHILD GETS SICK, CROSS, FEVERISH IF CONSTIPATED

Look at Tongue! Then Give Fruit Laxative for Stomach, Liver, Bowels.

"California Syrup of Figs" Can't Harm Children and They Love It.

Mother! Your child isn't naturally cross and feverish. See his tongue is coated; this is a sure sign the little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle. Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."—Advertisement.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister. Musterole does it. It is a clean, white ointment, made with oil of mustard. It is so gently prepared, so that it works wonders, and yet does not blister the tenderest skin.

Gently massage Musterole in with the finger-tips. See how quickly it brings relief—how speedily the pain disappears. Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

PROFESSIONAL NURSE

Tells What to Do to Regain Strength After Sickness.

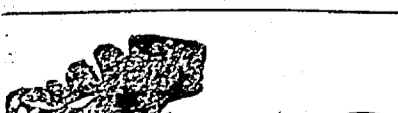

New York City.—"I am a professional nurse—the grippe and bronchial pneumonia left me with a cough and I was debilitated, anemic condition and no appetite. I cannot take cod liver oil in any other form than in Vinol, and in a short time after taking it my appetite improved, my cough left me, I gained strength and weight. That is why I recommend Vinol to others."—Miss E. M. Walker, R. N., 35 W. 35th St. It is the Best and "Old Liver" tonics aided by the iron and manganese peptonates and glycerophosphates contained in Vinol which makes it so wonderfully successful. The Owl Drug Co. and druggists everywhere.

P. S.—For Eczema of Scalp try Saxon-Silver. Money back if it fails.—Advertisement.

SORE THROAT

Colds, Coughs, Croup and Catarrh Relieved in Two Minutes.

Is your throat sore? Breathe Hymel. Have you a cough? Breathe Hymel. Have you a cold? Breathe Hymel. Hymel is the one treatment for all nose, throat and lung troubles. It does not contain any cocaine or morphine and all that is necessary to breathe it through the little pocket inhaler that comes with each bottle. A complete outfit costs but little at druggists everywhere and at The Owl Drug Co. is guaranteed to relieve colds, croup, coughs, croup, croup and catarrh of the throat and bronchitis or money back. A Hymel inhaler lasts a lifetime and extra bottles of Hymel can be obtained from druggists.—Advertisement.

Endriss and Bride on Trip Through South

Mr. and Mrs. Charles Endriss are spending their honeymoon in Southern California, where they went immediately following their wedding Sunday week. Mrs. Endriss was Miss Alice Davies, and was one of the well-known violinists in East Bay musical circles. The marriage was informal and solemnized in the Chapel of the Good Shepherd in Oakland. Mrs. Endriss is the sister of Mrs. Margaret Van Sander of this city. Upon their return to the bay city, they will occupy a pretty home in Des Moines avenue.

Mrs. Charles Youngberg of Linda Vista is directing the alumnae of Mills College. To raise funds for the Mills College endowment fund, each of the 100 members of the Alumnae Association have pledged themselves to fill a 15 Stamp book before the holidays. Though not specializing in the Red Cross work in a body, the Alumnae Association has aided in the different stamp drives.

Mr. and Mrs. J. M. Cole and their little son have arrived from Sacramento having motored here several days ago. They are to make their home east of the bay, taking apartments in this city.

The quarantine at Houston, Texas, and Park Place, the aviation field near Houston, has been lifted. Arthur McHenry and his bride are at that post, where they have met a number of the married set, formerly of this city, stationed at camps not far distant.

Mr. and Mrs. William Thomas have left for the East, stopping en route at Denver, and continuing their journey to New York City. Mr. and Mrs. Thomas intend to return to Oakland for the holidays. Some time will be passed in Boston, Mass.

Mrs. William Griffith Henshaw has been entertaining at her home in Montecito, Mrs. George Lacey Spaulding of Santa Barbara. Mrs. Spaulding is planning to winter in San Francisco should the weather permit. Mrs. Henshaw will be several weeks before she returns to her home in Montecito. Mrs. A. Henshaw Clackler returns to Piedmont.

Mrs. W. A. Schrock is expected home from the East this week, where she has been visiting her daughter, Mrs. Paul Schrock (Edna Schrock), in New York City.

The home of Mrs. John P. Maxwell in Los Angeles has been under quarantine for the past two weeks. Several members of the family having suffered from influenza. Mrs. Maxwell's nephew was a victim of the illness.

The engagement of a Phi Beta Phi society member, Miss Mary Thompson, daughter of Mr. and Mrs. Frederick W. Thompson of Park View Terrace, to a son of Mr. and Mrs. J. S. U. S. N. came as a surprise to society yesterday. Betrothal cards have been sent to the bride's home, telling the interesting wedding which will take place within a fortnight.

Miss Thornton, a senior at college and a graduate of Miss Burke's school in San Francisco.

Ensign Newlands is a son of Mr. and Mrs. James J. Newlands of San Francisco and is a member of the Senate. He is a Delta Tau Delta fraternity man.

Two-Score Are to Enter Naval School

The names of forty-six Oakland and San Francisco men enrolled in the United States Naval Reserve, who have been recommended for admission to the Naval Officers' Material School for training for ensigns' commissions following completion of the University of California extension courses in navigation, nautical astronomy, seamanship and ordnance, were announced today by Professor L. Richardson, director of the Extension division, as follows:

G. E. Billington, F. O. Blake, H. A. Boedinger, David E. Dence, Alfred E. Chapman, Albert E. Conlon, D. E. Crowley, J. F. Doube, Oscar S. Davis, William W. DeWolf, John C. Hick, Charles D. Hekok, Paul H. Hohman, Frank C. Hutchinson, Gerald D. Kennedy, Harold E. Kowalsky, Albert W. Krueger, August J. Lang, Jr., Francis H. La Vigne, Louis A. LeBaron, Melbourne Levi, William Penn Lyon, Jordan L. Martinelli, Lester Edwin Nathanson, James Petrin, M. F. Phillips, A. C. Robbins, P. A. Rooney, Randolph Sevier, George S. Sigmund, Sweet, Alvin R. Thomas, Emory C. Thompson, Donald L. Tupper, Louis C. Werner, Clayton Westbay, John M. Williams, William F. Winham, John Jay Wise, Victor F. Youngman, A. B. Campbell, Hollis E. King, Stanley J. King, Edward A. Forde, Lewis E. Hane, Charles R. Hoffman, Peter J. Ward.

Twenty-one others not yet in the service were recommended for admission to the Naval Material School after enrolling in the United States Naval Reserve.

Professor Richardson said that it was probable these extension courses to prepare men for naval service and examinations for commissions would be resumed beginning November 27.

Lorigan Launches Final Campaign

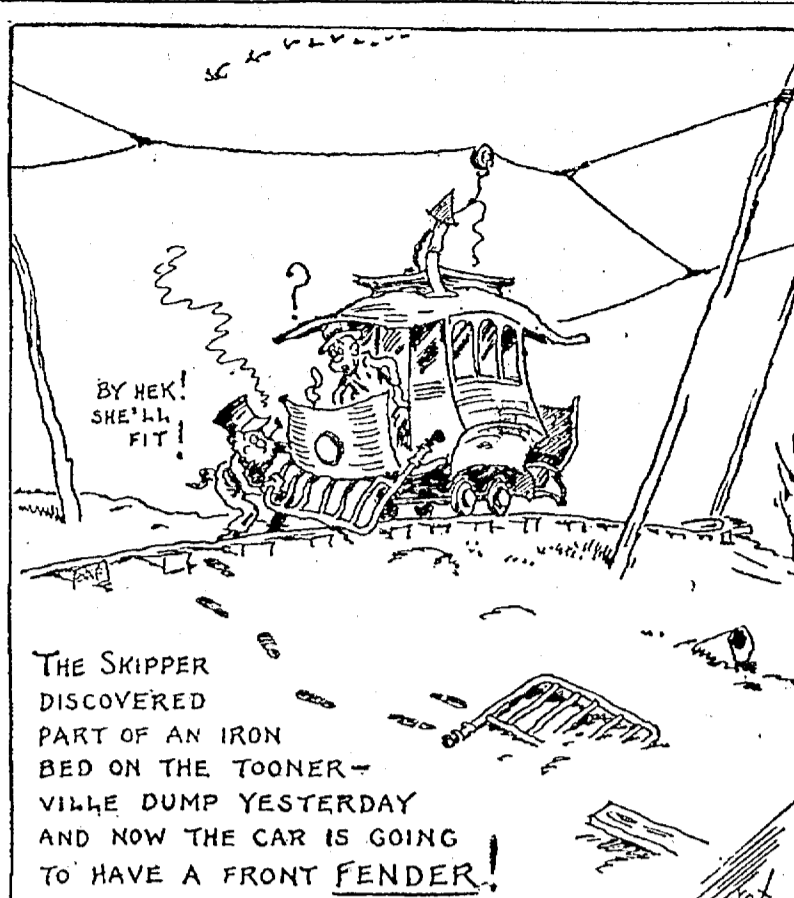

SAN FRANCISCO, Nov. 1.—Supported by the endorsement of Chief Justice F. M. Angelotti of the Supreme Court, and Associated Justices, Lillian G. Lorigan, and William P. Lawlor, Lillian G. Lorigan of the Supreme Court, candidate for re-election, today began an active campaign for the week preceding the election. Former Governor Henry T. Gage has appealed to the public to support Lorigan. Other known members of the campaign committee are Joseph Scott of Los Angeles; Captain John W. Fredericks, former district attorney of Los Angeles; Appellate Judge E. C. Hart of Sacramento; Oscar Lawler, former United States Attorney-General of Los Angeles; Supervisor and Acting Mayor Ralph McLaughlin of San Francisco; Leon Samuels, John S. Partridge and Edward F. Treadwell, leading members of the bar of San Francisco, and Wheaton A. Gray, J. W. Wickman Macdonald and F. W. Britt, leading Southern California members of the bar.

As an evidence of Justice Lorigan's activity on the bench the records of the court show that since 1902 he has participated in fifty-eight constitutional cases of the court and written fourteen decisions. He has been on the Supreme bench for sixteen years and for twenty years the Superior Court of Santa Clara county. He is generally regarded as one of California's ablest jurists.

SEND HUN HELMET. VALLEJO, Nov. 1.—A German helmet received by Dominic Glover from his brother, Private George F. Glover with the A. E. F. "over there," has been sent to him by the candy store window. The helmet is a candy store window. Glover, one of the battlefields in France.

Emergency Nursery of Red Cross Needs Help

GEORGIA G. BORDWELL.

What would you do if you had to feed a little child in the middle of the night, or in the wee small hours, and you found that the milk had soured, and there wasn't a soul you could send for fresh milk, and there wasn't anyone to leave in the house? It would not be a nice thing to have happen, and if there were over forty little children clamoring for something it would be forty times worse. That is what happened down at the Red Cross Emergency nursery, 1550 Ninth street, where the children are being taken care of—little kiddies whose mothers are some of them suffering from influenza and some of them released from all suffering.

Mrs. Helen Bramhall, one of the district nurses in the school department, who suggested the idea to the Red Cross and to Fred Hunter, superintendent of schools, has been placed in charge and her responsibility is great. She needs more automobiles from 6 p. m. to 3 p. m. to take home the volunteers who have become weary from the interminable duties of the day.

There are two women on duty at night with the children—for a few hours of the night, that is. Mrs. Bramhall worked yesterday until 10 o'clock in the morning and this morning she was on duty at 6 a. m. That is the kind of service that is being given these days—and the women who give it are entitled to anything they want.

The Red Cross nurse is seeing to it that automobiles and a Boy Scout car are provided, and it will try to get the service of a man who will be one who will sleep down there, but be ready for an emergency that overtaxes the ingenuity of the two night nurses.

DATE PALM SEED

It has been found that the seed of the ornamental date palm can be used for the manufacture of carbon for gas masks.

The question as to the most economical way of removing the meat or pulp is yet to be settled; one way is to put the fruit in cold water, bring it to the boiling point and boil for at least five minutes; the seeds can be dropped into a bag and the seeds removed by rubbing, after which the seeds must be dried.

Southern California with its myriads of palm trees has found a use for them at last, aside from the lure they hold for the Eastern tourist. School children in Alameda county are asked to give their attention to examining the best way to secure the dried seeds. The Red Cross truck will collect all materials as soon as it is released from hospital duty.

CLUBHOUSE OPEN FOR RED CROSS WORK.

At the same time that Twentieth Century Club, Berkeley, Mrs. Frederick G. Atchey, president, announced that the meeting scheduled for next Tuesday will have to be postponed indefinitely. It is the members and their friends to remember that the clubhouse will be open for Red Cross work on Mondays, Wednesdays and Fridays, 4 p. m. to 8 p. m. to be made within a specified time, and to do this an extraordinary effort will be made to secure the necessary attention to examine the clubhouse is invited to join in this work.

Mrs. W. H. Bruen, chairman of the sewing committee, will meet the workers Wednesday afternoon at 2 p. m. Mrs. Robert L. Thompson, chairman of the surgical dressings committee, will meet her workers on Mondays and Wednesdays.

This club is planning an elaborate series of programs for the reception of "The Question of Life" when it should appear for news of the forthcoming book had to offer a serious sacrifice. The club members and their friends were called upon to make on behalf of the book, but actually precipitated it.

(To be continued.)

A Message to Mothers

YOU know the real human doctors right around in your neighborhood: the doctors made of flesh and blood just like you: the doctors with souls and hearts; those men who are responding to your call in the dead of night as readily as in the broad daylight; they are ready to tell you the good that Fletcher's Castoria has done, is doing and will do, from their experience and their love for children.

Fletcher's Castoria is nothing new. We are not asking you to try an experiment. We just want to impress upon you the importance of buying Fletcher's.

Your physician will tell you this, as he knows there are a number of imitations on the market, and he is particularly interested in the welfare of your baby.

Genuine Castoria always bears the signature of *Chas. H. Fletcher*.

Women of the Jewish societies in Oakland have volunteered to take charge of the War Savings Stamp booths in the central part of town on Saturday. Six booths are located on conspicuous corners, from where street sales will be directed in an effort to raise Alameda county from the fourth place in the list of California districts. James Meltzer has been designated as town chairman for Saturday. Expert salesmen from the Metropolitan Life Insurance Company, of which Meltzer is superintendent, will lend their professional services to the sale of the baby bonds during the afternoon and evening. Other business organizations assisted by women's clubs will follow the precedent made on Saturday.

The Alameda county headquarters of the War Savings Stamp committee, of which D. E. Perkins is the director, were moved yesterday from the Syndicate building to a more central location in the city hall. The war workers will share with the Associated Charities the rooms on the first floor. Within a fortnight the full organization will be completed by which Director Perkins in confident Alameda county in whirlwind drive can make up its full quota of more than six millions of dollars.

Fish Prices

The following are the maximum retail prices for these varieties of fish on November 1, 1918, in San Francisco, Oakland, Alameda and Berkeley. Dealers are free to sell at lower prices, but should not charge more. Purchasers who are overcharged are invited to make complaint in writing to the State Market Director:

DIVERS FIND REASON OF WRECK

VICTORIA, B. C., Nov. 1.—Divers who have investigated the wreck of the Canadian Pacific Steamship Company's steamer Princess Sophia, lying on Vanderbilt Reef, Lynn canal, reported that the vessel had broken in two and the after-portion had slid off into deep water. In the gridding action on the rocks which preceded the steamer's foundering in the storm, with her loss of about 240 lives, the divers said her whole bottom had been torn away. Salvage will be impossible.

SIXTY ARRESTS CAUSE ALL SAN JOSE TO MASK

SAN JOSE, Nov. 1.—As a result of more than 60 arrests for violation of the mask ordinance, there have been fewer attempts to evade its provisions today. A hundred per cent masking of people on the streets was reported by the police today.

NEW SHIP LAUNCHED.
SEATTLE, Wash., Nov. 1.—Second product of the North Pacific Shipbuilding Company, the 9400-ton steel freighter Yaklok, was launched here today for the United States Shipping Board.

"There is one remedy I always keep in the house, and that is Dr. Caldwell's Syrup Pepsin. It helps my digestion wonderfully and as a laxative it is pleasant and dependable." (From a letter to Dr. Caldwell written by Mr. J. N. Kidd, Bells, Texas.)

From youth to age the greatest menace to health is constipation, which retards digestion and disturbs the entire organic system. To relieve constipation a mild laxative, such as Dr. Caldwell's Syrup Pepsin, is preferable to drastic cathartics and purgatives, the violence of which shock the system unduly.

DR. CALDWELL'S Syrup Pepsin

The Perfect Laxative

Sold by Druggists Everywhere
50 cts. (Two) \$1.00

A TRIAL BOTTLE CAN BE OBTAINED, FREE OF CHARGE, BY WRITING TO DR. W. B. CALDWELL, 459 WASHINGTON STREET, MONTICELLO, ILLINOIS

TAKE YOUR CHOICE

Next Tuesday

For on Tuesday next a County Assessor will be elected to serve four years.

I have told you how the taxpayers' money is being wasted under the present system, and of how money can be saved.

I have told you about the Water Company (for instance) which gets off with a County Assessment \$975,000 less than I assess them for the City of Oakland.

You will decide this question Tuesday.

Are you going to elect a man who knows how to run the office, or one who maintains a political organization at the expense of the taxpayers?

I. H. CLAY For County Assessor

ARMY FOOD TEST TO BE ELABORATE

CAMP LEWIS, Nov. 1.—Uncle Sam firmly believes that his food system is as near perfect as possible and past results would seem to bear him out, but a new plan has been devised and the next draft arrivals at camp are to furnish the means of trying it out. From every company of 250 new recruits, twenty specially selected men will be taken. None of the twenty will be alike as to type. There will be a tall man, a short man, a slim man and a fat one; there will be one conspicuous for his red hair, while the raven locks of another will put him upon the lead. In this way the picking being done, until the twenty have been chosen, they will follow three weeks of systematic feeding and training as careful and as painstaking as any ever given an athlete suited to a group of circumstances. Weights taken to the fraction of an ounce will be compared against the pounds registered at the close of the period.

Trust Your Complexion To Cuticura Soap

If signs of pimples, redness or roughness appear touch them with Cuticura Ointment before bathing with Soap. Nothing purer, sweeter or more speedily effective to clear the complexion and keep it clear.

Sample Each Free by Mail. Address postcard: "Cuticura, Dept. 23, Boston." Sold everywhere. Soap 25c. Ointment 25c and 50c. Talcom 25c.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts If Your Back Hurts or Bladder Troubles You

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, froggish of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; make a delightful, effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications. Advertisement.

GAS WORK DONE IN ARMY CAMP

CAMP KEARNY, San Diego, Cal., Nov. 1.—Actual war conditions with barrage and trench mortar fire and test gas attacks prevailed in practice work done by a large gas instruction class. Two "enemy" parties, numbering about 125 officers and men, went out of their trenches to raid "American" trenches held by an opposing force. They did so well that they got close to the opposite trenches before they were observed and won the commendation of Lieutenant Spriggs, chief gas officer, and Lieutenant Tracy, who has just returned after a year's service overseas. There were some slight casualties, resulting from the tear gas, as some of the men, in their excitement, did not place their masks on quickly enough. First aid, however, soon restored the gassed men.

An encouraging report on influenza conditions was made last night. The figures, which are for the 24 hours ending Wednesday night, show 191 new cases, 16 new cases of pneumonia and only two deaths. There were 306 men in the hospital at that time, but it was reported that nearly every case was light. The camp up to Wednesday night had had 2455 cases of the disease, with 177 resulting cases of pneumonia and a total of 33 deaths.

Home Guard to Be Styled As Reserve

SACRAMENTO, Nov. 1.—Governor William D. Stephens has approved the request of the Home Guard of California that it be officially designated as the California Military Reserve. This is the culmination of the action taken by the recent convention of the Home Guard officers in Sacramento, when they, by unanimous resolution, requested Adjutant General J. J. Borree to select a name typical of their branch of the service.

Warden Has Warrant to Shoot Murderer

CARSON CITY, Nev., Nov. 1.—Warden R. B. Henrichs of the State Penitentiary has received from District Judge E. J. Taber of Elko the warrant directing him to shoot to death, on Friday, December 20, Ben Kuhl, convicted of the murder of Fred Searey, driver of the Twifulla-Jarbridge stage, near Jarbridge, on December 6, 1916. The murder was the result of a plot to hold up and rob the stage. Given the choice of shooting or hanging, under the laws of Nevada, Kuhl chose shooting, and unless his sentence is commuted he will be the second man to be legally shot to death in Nevada.

'No Medicine in 4 Years-Internal Baths'

Mr. A. Czarniecki writes Dr. Chas. A. Tyrell of New York as follows: "I must admit that the use of the J. B. L. Cascades has cured my chronic constipation from which I suffered since May 12, 1913. I have never even tasted any kind of patent medicine or purgative. My health is excellent in every respect. Over half a million might, keep, intelligent Americans have found that internal bathing is more essential to their health than external baths. I have found that used occasionally at night they feel like different people the next morning. No more of that bloated, tired, nervous feeling, but having by Nature's own cure—internal warm water—removed all the poisonous waste from the lower intestine, they awake thoroughly refreshed by normal sleep, with all their functions acting properly, clear headed, happy and confident, eager and capable for the duties of the day. Why not learn more about this rapidly growing and natural practice? The 'J. B. L. Cascades' is produced by Chas. A. Tyrell, M. D., of New York, who is a specialist on internal baths, and it is now being shown and explained by The Owl Drug Co., who will give you—free on request—an interesting booklet on the subject called 'Why Man of Today is Only 50 per cent Efficient.'—Advertisement."

Here's Good Stove Advice!

The Macy award raises metal workers' wages 10%. This applies to all metal workers in stove foundries as well as to boiler-makers and steel ship builders. Shortly after November 1st look for higher prices on stoves. On account of buying our present stock months ago, we CAN and DO sell stoves at the old prices. However, if you need a cook stove or heating stove, take our advice and BUY from our present stocks or you will surely pay more later.

This Heater
\$12.50

—Comes with cast iron top, legs and ash door. Heavy polished steel body and lining. Extra large feed opening. Large lift clean out. Reversible collar. Nickel-plated front band and trimmings.

This Heater
\$15.00

—A fully nickel-plated heater with a cast iron top and bottom, has air-tight screw draft, a large top feed. Heavily lined and will hold fire over night. Gives an even heat. Economical to operate.

This Heater
\$13.50

—Exactly as illustrated, fitted with shaker grate and wide ash pan. Has nickel-plated foot rail; air-tight screw draft. Broad hinged top that lifts to receive large coal or blocks of wood.

Combination Range
Highest Class Range on the Market

\$25 Down \$125 \$10 Month

—Absolutely the zenith in combination ranges. No blacking needed. Lower portion is enameled; polished steel top. White enameled warming closet, back and door; equipped with oven thermometer and spit-fire lighter. Four gas burners and four stove holes. The same oven is used for coal or gas. This is the only combination range that has a gas oven constructed the same as an elevated gas oven. TRADE IN YOUR OLD STOVE. This range completely set up with water back, pipes, etc., for \$125.

This Heater
\$2.00

—Made of the best Keystone iron, for burning wood or old newspapers. Suitable for a bedroom where short, quick heat is needed. Air-tight and has screw draft. Unlined, \$2; lined, \$2.50.

This Heater
\$18.50

—A splendid nickel-trimmed wood, coal or briquette heating stove with heavy cast top, bottom and double lining; has swing top feed, shaker grate and large feed door. Will hold fire over night.

This Heater
\$6.25

—The Perfection Oil Heater is a perfectly safe and odorless heater—can easily be carried from room to room. Gives a quick, even heat. Fine for these cold nights and mornings. Large size, \$8.50.

OAKLANDERS VICTIMS OF SHIPWRECK

The wreck of the Canadian liner Princess Sophia in Alaskan waters brought death to two Oakland families. John Zaccarelli, en route home from Dawson to his family at 628 Fifty-seventh street, North Oakland, was among the lost passengers. His sister-in-law, Mrs. C. J. Visquatti, and her 5-year-old daughter, leaving Dawson to avoid the severe northern winter and also en route to Oakland, were both drowned. The bodies of all three have been recovered and taken to Juneau, from whence they will be sent to Vancouver to meet the bodies. Zaccarelli is also survived by two sons, Thomas and Ralph, 13 and 11 years of age.

Peace Will Not Halt Ship Work Eastbay Yards Face Big Orders

An abrupt ending of the war will not bring an end to the world's need for ships, nor prevent the carrying out of the present shipbuilding program, according to a statement made today in the east by Chas. M. Schwab, director-general of the Emergency Fleet Corporation, supplemented by one made by Edward S. Hurley, chairman of the United States Shipping Board. The program referred to calls for the construction of 15,000,000 tons of merchant ships for the government. To date about 2,500,000 tons have been delivered. Which means that six times the work already accomplished remains as yet to be done.

Eastbay shipyards have done their full share in turning out ships for the government and are in a position to increase their output considerably if ship steel can be obtained promptly and in sufficient amount. Recently, at a meeting of eastern shipbuilders in New York, Schwab took occasion to compliment the managements of Pacific coast shipyards on the splendid records they have established and to suggest that work in the eastern yards be speeded up.

That Eastbay and other Pacific coast shipyards will be granted their full quota of the ship tonnage yet to be built for the government appears to be certain, basing the premise on the splendid records they have already established and on the frank comment thereon made by Director-General Schwab of the Emergency Fleet Corporation. To date the Eastbay steel shipyards have turned out approximately 252,000 tons of ships, and all of this tonnage has been constructed during the current years.

Hurley, in an address made yesterday at Washington to a meeting of representatives of American shipyards, which was attended by J. R. Christy, general manager of the Alameda plant of the Bethlehem Shipbuilding Corporation, and other shipbuilders, stated that American shipyards will be kept going to their capacity, and that there must be no letting down of the possibility of peace.

"The inefficient plants which have been permitted to operate because of the immediate need for ships, will, as a matter of business expediency, drop out when the emergency is removed," said Hurley. Efficient yards, he continued, "will be encouraged and supported because we can depend upon them to carry out their promises and produce ships economically. The work inefficient yards cannot do will fall to other plants. We will look to the West Coast to continue the pace it has maintained and to the yards of the East and South and in the Great Lakes region to increase their output."

"Every competent ship worker, every technical expert and every trained executive in the yards owes it to the nation to remain at his post until the ship construction program is completed. There is no ground for uneasiness of either labor or capital now efficiently employed in producing ships. For many years to come ships, their construction and operation, are to be of absorbing national interest."

Building Permits for Week Are 68

Building permits issued by the Oakland Building Department for the week ending October 30 numbered 68. Of this number, 33 were for dwelling houses, 8 for business structures, 19 for alterations and repairs, and 7 for additions.

The total cost of the improvements contemplated in the permits is \$77,316.00, of which amount \$67,725.00 is for homes.

LEMON JUICE WHITENS SKIN

Girls! Make beauty lotion at home for few cents

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best bleaching and skin whitening lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how tan, redness, sallowness, sunburn and windburn disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless.—Advertisement.

MACY SCALE TO BE HEARD AT MEETING

Discussion of the recently announced Macy award will outweigh in importance all other matters to come before the meeting of the local Boilermakers' and Iron Shipbuilders' Union called for 8 o'clock tonight in the open-air arena, at Emeryville. It is not expected that any definite action looking to the rejection or adoption of the scale will be taken, according to leaders of the organization.

The Saturday half-holiday, no mention of which is made in the award, except by inference, will also come up for discussion. It is under consideration that the local union is under instructions from the Pacific Coast Council of Boilermakers and Iron Shipbuilders to work a forty-four hour week only, unless the shipyard managements agree to double-time pay for the Saturday afternoon shift. This, the shipyard officials have refused to do. In the absence of contrary instructions from the council the local boilermakers will, it is stated, lay off tomorrow afternoon as usual. There will, however, be no walkout of the local boilermakers on November 2, as at one time seemed probable, as the district council has instructed the men to stay on the job until further notice.

Tomorrow afternoon in Seattle there will be a special meeting of the Pacific Coast Council of Boilermakers and Iron Shipbuilders to discuss the Macy award. Late today the executive committee of the San Francisco Iron Trades Council will discuss the provisions of the award and will appoint delegates to attend a meeting of the Pacific Coast District Metal Trades Council, scheduled for Seattle on Sunday. At the latter meeting the future policy of organized labor, insofar as represented by the Metal Trades Council, in regard to accepting the award, will be determined. Conferences will be held by the representatives of the Metal Trades Council and the Council of Boilermakers in an effort to arrive at a common basis of action.

Sunday afternoon at 1 o'clock the San Francisco Iron Trades Council will meet in executive session in the open-air arena at Emeryville. The object of the meeting is to discuss the Macy award with a view to assisting the delegates to the Pacific Coast District Metal Trades Council in reaching a decision thereon.

Meetings of the employers of the San Francisco Bay districts have been called by the California Metal Trades Association and the California Foundrymen's Association for the purpose of analyzing the award. The managements of Eastbay shipyards have accepted the scale as the final wage pronouncement of the War Labor Board and have appointed men to tabulate wages, etc., with a view to ascertaining as soon as possible the amounts due the men under the retroactive clause of the schedule.

First Olives Arrive in Produce Market

Olives, the first of the season, reaches the local wholesale market today, direct from the orchards. The harvest is just beginning and receipts are expected to increase rapidly as the season advances. Olives are selling at 8 and 10 cents a pound. The yield is expected to be heavy, according to reports from the olive growing belts of the state.

ANOTHER POUND OF SUGAR EACH MONTH GIVEN

Monthly allowance of sugar is increased, beginning today, to three pounds for each person, according to an announcement by Federal Food Administrator Harmon Bell. The regulation also is revised to permit the purchase of the entire monthly allowance at one time. Hitherto the allowance has been two pounds monthly for each person, and it has been necessary to purchase a pound at a time.

Bell's announcement says: "Retail grocers may sell sugar according to the new rule immediately, provided they keep a record for inspection which will indicate the name of the purchaser, the number of persons in the family and the date of sale. Retailers are assured by the Food Administration that they can within the next few days secure additional certificates which will increase their allotment for November in accordance with the new policy of distribution."

Manufacture of the beet sugar crop in the West, increased cane sugar production in the South and freer railroad transportation are the reasons given for the increase.

DEBATE IS SHUT OFF IN SENATE

WASHINGTON, Nov. 1.—A threat by Senator Stettin of Georgia to make the point of no return in the debate on the political debate in the Senate today, Republican leaders were told that the Democrats would sacrifice the joint resolution of agricultural department food stimulation appropriations for November rather than to permit a political debate at the present time.

Challen Parker to Move to New York

Challen R. Parker of 412 Park way, Piedmont, who is vice-president of the Anglo and London-Paris National Bank of San Francisco, was elected vice-president of the Guaranty Trust Company of New York City on October 17, and will leave to accept that position about December 1.

He was born in Oakland in 1880 and was graduated from the University of California with the class of 1902. He was a member of the Delta Upsilon fraternity. Parker at present, a member of the executive council of the Bankers' Association and also a member of the San Francisco Clearing House Association.

He was married in 1905 and has three children. He holds membership in the following clubs: Olympic, San Francisco Golf and Country and Claremont Golf and Country. He is a golf enthusiast. In his new position Parker will have charge of the Banks and Bankers' Division.

GREAT SUGAR FIRM OF HUNS CONFISCATED

SAN FRANCISCO, Nov. 1.—German control of the sugar industry of Hawaii has been lost as the result of the conviction in this city of George F. Rodiek, accused of having violated the neutrality laws in fitting out vessels to furnish supplies to German raiders in the Pacific. The conviction of Rodiek caused the investigation that introduced A. Mitchell Palmer, alien property custodian, to take over the property known as the Hackfield Company and to sell it to Americans.

The new corporation is known as the American Factors, Limited. Six hundred and forty of its stockholders are residents of the Hawaiian Islands. Shares of the new company, which was capitalized at \$1,500,000, were offered to the public and limited to 500 shares to each individual and 2500 shares to groups of five or more, including families. As a result of this transfer the center of pro-German propaganda in the Pacific has been destroyed and the German hold on the principal industry of Hawaii permanently broken.

CLOSE CORPORATION.
The Hackfield Company, which had an iron grip on the industry, was a close corporation, consisting of three men—J. F. Hackfield, Geo. F. Rodiek and J. P. C. Hagens. Controlling many subsidiary companies and capitalized at \$4,000,000, this corporation in 1917 showed net earnings of \$1,051,824, undivided profits and reserves of \$3,244,932, and a sugar production of 139,044 tons. It owned or controlled gunnery, shipping and general merchandising concerns and other important interests.

SOLD 11,000 SHARES.
In January of this year Hackfield was in Germany. Hagens remained in Honolulu in charge of the company, which had assisted German ships at the outbreak of the war and which was said to have furnished raiders with coal after the entry of the United States into the conflict.

Hagens called a meeting of the company and sold to six American citizens 11,000 shares of the Hackfield stock, but with his own holdings and those of naturalized Germans retained control.

The trustees of the new organization are George Sherman, R. Cooke, F. C. Albertson, C. R. Hemmaway, Richard H. Trent, A. W. T. Bottomley and G. T. Wilcox, all of Honolulu.

Following clubs: Olympic, San Francisco Golf and Country and Claremont Golf and Country. He is a golf enthusiast. In his new position Parker will have charge of the Banks and Bankers' Division.

FLU MASK BLAZES UNDER GREENE'S NOSE

BERKELEY, Nov. 1.—It's one thing to help draft a law and another to live up to it.
B. D. Marx Greene, special counsel for the city of Berkeley, found this out to his sorrow yesterday. Greene attempted to enjoy a nice, comfortable smoke in his office at the city hall with his influenza mask properly adjusted on his face.
Cries of "Help! Fire!" soon emerged from Greene's office, brought startled city officials to the scene of the disturbance. Rushing in they found Greene hopping about the floor and attempting to tear a burning influenza mask from his face. "Call the fire wagon, quick!" he shouted.

"I was only trying to live up to the mask law," Greene explained when the excitement had subsided. "It didn't work, though."

Greene's injury was slight, but his mask was a total loss.

Watsonville Editor Is Killed in Action

SACRAMENTO, Nov. 1.—A telegram saying that Corporal Edward H. Lorenson, for twelve years city editor of the Watsonville, Cal., Journal, had been killed in action in France, was received today by George C. Hadden, superintendent of the capital building grounds, one of the owners of the paper.

PHILIP E. BOWLES IS VICTIM OF FLU

Philip E. Bowles Jr., son of Mr. and Mrs. W. E. Bowles, died yesterday at McKittrick, a victim of Spanish Influenza, followed by pneumonia. The funeral, which will be strictly private, will take place tomorrow morning from "The Pines," the Bowles' Claremont residence.

Bowles has been engaged in business at McKittrick for several years. He is survived by his parents and two brothers, Robert H. Bowles and George McNear Bowles. An only sister, Mrs. Amy Bowles Johnson, wife of Hiram W. Johnson Jr., died a few weeks ago after a lingering illness.

Bowles is a grandson of the late George W. McNear, an early California pioneer, who settled in Oakland, and is related to many of the most prominent families in the state.

FINE IS SET ON MEN WHO DROP MASKS

Eugene C. Caley, 1424 Grove street, the first Oakland man to be arrested for failing to wear a mask, was released on \$10 bail and will appear in court tomorrow morning to explain to the judge why he failed to wear his mask.

Others arrested are Edward Andrews, San Pablo Hotel, picked up at Fourteenth and Washington streets; Lawrence L. Adams, San Pablo Hotel, arrested at Fourteenth and Washington; Frank Porey, 1245 Seventy-eighth street and Hal B. Holmes were also picked up at Fourteenth and Washington streets.

"This is only the beginning," was Chief J. H. Nedderman's statement. "We are going to enforce this mask ordinance if we have to pack the city jail with people. This epidemic is too serious to be taken as a joke and men arrested for failure to wear a flu mask, who attempt to make a joke of the matter, will find that it is no laughing matter when they face the police judges."

Judge Mortimer Smith this morning said that he would impose maximum sentences on persons violating the flu mask ordinance.

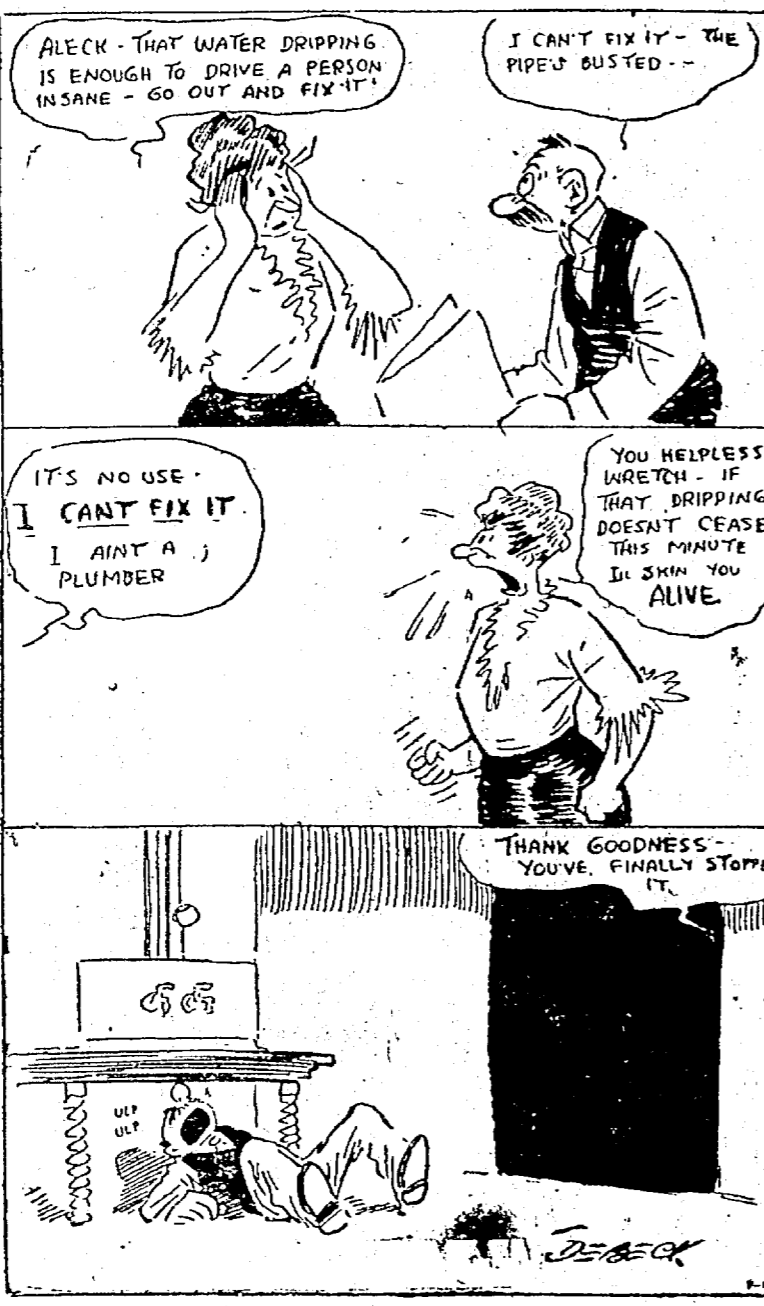

The ordinance provides for a fine of not less than \$5 and not more than \$100 and imprisonment in the city jail for a period of ten days, or both.

SAN FRANCISCO, Nov. 1.—Violators of the mask-wearing ordinance are receiving jail sentences, Police Judge Morris Oppenheim sentencing seven to ten days each and twelve to twenty-four and forty-eight hours. Police Judge Matthew Brady gave fourteen offenders forty-eight hours each in the city prison and raised the fine from \$5 to \$10 each in four instances, a total of \$175 being thus collected for the Red Cross.

Court Gives Decree to Japanese Woman

"You find a respectable man and get a divorce in American way and I will get divorced in Japanese way," wrote Kikara Yanouchi to Tami Yanouchi, his wife, after he had deserted her and gone away. The wife told Judge Koford today that she wanted to live with her husband, but that she wanted to go away from her and so she let him go and he never came back. She was given a decree of divorce.

MARRIED LIFE

Vast Supplies For U. S. Troops Warehouses Cover Vast Areas

AMERICAN REGULATING BASE, ADVANCE ZONE, FRANCE, Sept. 15. (Correspondence of The Associated Press.)—Warehouses stretching over

several square miles, baled hay by the acre piled thirty feet in height and other vast quantities of supplies needed to maintain the American army marching through the center of one of the points where the tremendous push America is putting into the war.

At one point machine guns were being tested before going forward to the front. This was in the machine-gun section of the ordnance park, with a vast array of these deadly mechanical devices. Squads of soldiers were making the final tests, and the rattle of guns sounded like an early morning skirmish on the firing line.

Almost as noisy as the machine guns were the machines for baling hay which stretched in long batteries like threshing machines, devouring the stacks of loose hay and turning it out in compact bundles for the artillery and cavalry horses.

Farther on the big gun sheds were turning out the big guns for use on observation along the front. These are assembled and packed, and some of the parts are made here. Like everything else the supply of bullets is being finally regulated here, depending on the number lost or destroyed along the front, and the varying activities of the different sectors.

PRISONERS AT WORK.
Near by 1800 German prisoners were at work piling fuel wood. It was a hot autumn day and the work was heavy and gray with the dust of the immense traffic going on. But the prisoners did not seem to mind the creature discomforts, but bent to their work with rifles ready stood at the summit of the huge piles of wood to see there was no slackening.

Another 700 German prisoners had arrived the night before, so soon there will be 2500 of these workers handling picks and shovels instead of rifles. This is the headquarters also for the salvage carried on at the front, and for the extensive system of sterilizing and delousing. As the vast debris of the battle is brought up—broken cannon and guns, ammunition, harness, tentage, etc.—it comes back here in huge masses to be assembled and forwarded to the big salvage station at Tours.

STERILIZING SYSTEM.
The sterilizing system also radiates from here, and while the actual work is done at the front, yet the regulating is all carried on here, with stacks of clothing, underclothing, shoes, etc., moving forward constantly to meet the requirements of this systematic cleansing.

Gas attacks have developed the greatest need for thorough cleansing, for often after one of these attacks every stitch of clothing of the gas patients has to be destroyed, and all the blankets and equipment which have the faintest trace of the deadly gases, and this in turn calls for a complete re-outfit of clothing and equipment of all those exposed to the gas.

WINS HONOR PENNANT on Liberty Motors
INDIANAPOLIS, Nov. 1.—The Nordyke and Marmon Company of this city won the first honor pennant offered by the United States government to the concern building and shipping twelve-cylinder Liberty motors the most rapidly in October. It was announced here today. The contest began October 1, and ended last night. The Nordyke and Marmon Company made a production record of 225 per cent of the allotted quota in October. The contents are to continue each month. Five other firms contested during.

TAKES POISON BY MISTAKE.
Mistaking poison tablets for the medicine she was supposed to take, Mary Ann McCarthy, 1515 Market street, swallowed a quantity of them this morning, with the result that the mistake came near costing her her life. She was given successful emergency treatment at the Receiving hospital.

SHIPWORKERS IN COURT FRAY

ALAMEDA, Nov. 1.—Jack Miranda, a ship worker, appeared in Judge Miranda's court this morning to answer to the charges of assaulting August Mahi, 1235 Third street, who works at the Bethlehem shipbuilding plant. The trouble with the two men dates back to the third Liberty loan drive, when Mahi was charged by Miranda with refusing to purchase a bond. Mahi told the judge that he had been hit the first and second drive, and when the third drive was running sickness and death in his family made it impossible for him to spare any money at that time. Six months later Miranda reopened the case and charged Mahi with the head with a jimmy and rendering him unconscious, according to the judge's story. He then kicked him in the face, knocking out several of his teeth, it is charged. When Miranda appeared in court, he was charged Mahi with being unlawful. Judge Mahi gave him until Saturday to prove his charges.

DRIVE IS PLANNED.
ALAMEDA, Nov. 1.—At a meeting held yesterday to determine the plans for the campaign for Alameda in the pending War Bonds drive, a committee of three was appointed to direct the work. They are J. E. Seiger, A. J. Samuel and Robert Holmes. Assisting them will be Judge Elmer Johnson and J. E. Hall.

Schooner Mandalay Abandoned in Storm

SAN FRANCISCO, Nov. 1.—The wooden schooner Mandalay, which was being towed by the tugboat Eureka, was abandoned in a storm, according to advices received here today by the marine department of the Chamber of Commerce. The Mandalay, which is owned by the Hobbs-Wall Company of this city, went ashore near Carson City and was torn loose by the tide and taken in tow on Wednesday in a waterlogged condition by the tugboat Eureka. After searching the vicinity for the schooner, assisted by tugs from Eureka. Three of the crew are said to be still aboard her.

Leaves His Meal to Capture Propagandist

SPRINGFIELD, Ill., Nov. 1.—Stepping out of his usual role as prosecutor of seditionists, United States District Attorney Knott, abandoned a freshly started luncheon in a restaurant here to apprehend one of America's German enemies. Notified of the man's whereabouts, Knott dashed to the restaurant. A few blocks away he located Sigmund Dreyfus, who, while acting as a solicitor for the Chicago German community, had been spreading German propaganda over a good portion of the state. Knott immediately turned Dreyfus, whom he recognized through Department of Justice descriptions, over to the police, and resumed his luncheon.

Station Chief Taken for Seditious Talk

SAN FRANCISCO, Nov. 1.—Charged with violation of the espionage act and making seditious remarks, A. Lindberg of San Jose, superintendent of a hydro-electric fire station at Los Angeles, was arrested by Deputy United States Marshal Lawrence Conlon last night and held for a preliminary hearing in bonds of \$1000.

Lindberg is charged with having said he "hoped to live to see the day the German flag would float over the capital at Washington when Wilson would have been assassinated."

Berkeleyan Made Major in War Zone

BERKELEY, Nov. 1.—Receiving his second promotion since going to France as a lieutenant, Captain Leonard Boyd, graduate of the University of California with the class of 1915, and now in the French army, was promoted to major by the French government. Boyd of this city, has just been commissioned a major, according to news received here.

Major Boyd was a first lieutenant in the regular army when war was declared and left with a temporary commission for France in May, 1917. He received an early promotion to a captain and was promoted to major following more than a year's active service at the front.

Vaudeville Show to Entertain U. C. Men

BERKELEY, Nov. 1.—Military and naval men on the University of California campus, at present in quarantine because of the influenza epidemic, will be entertained tomorrow night at a vaudeville show to be staged in the Greek Theater by special permission from Major W. H. Brooks, director of the camp.

Professor Samuel J. Humé, director of the Greek Theater, is arranging an entertainment program to attract students in vocational education and members of the aviation corps, as well as women students, who are welcome. All must wear masks, however.

Mrs. Bert Fraser Dies of Influenza

BERKELEY, Nov. 1.—Getting up from a sick-bed to nurse her husband, who was also stricken with influenza, Mrs. Bert Fraser, wife of Patrolman Fraser of the Berkeley police department, succumbed to pneumonia this morning at her home, 1523 Milvia street.

Fraser has just recovered from a severe attack of influenza, which has confined him to his home for the past two weeks. The Frasers have one adopted child, a baby girl.

HEATEN BY FOOTPADS.

J. P. Silva did not object so much to being beaten by two negroes last night, because he had just left \$40 under his wife's pillow at the Municipal Hospital, where she is a patient. His head was somewhat hurt and he went to the Receiving Hospital for treatment. Silva lives at 1667 Market street.

HELD AS THIEF.

ALAMEDA, Nov. 1.—James Cerelli, 324 Eagle avenue, was arrested yesterday charged with grand larceny. The police allege he is one of a party of five or six boys who took a machine belonging to Will Howard, 2411 Santa Clara avenue, a week ago and drove it all around town, then out onto the bay where they afterward abandoned it. The police are gradually gathering in all the participants in the joy ride.

HUSBY MAKES CHARGES.

CHICAGO, Ill., Nov. 1.—Charles J. Spauldin, charged in his divorce complaint against Ellen Spauldin today that she is a follower of occultism, that she drinks and gambles at public bars, and that she is a prostitute, was in public with his wife, because he would not tell her how he voted.

HAS NO ASSETS.

THE voluntary bankruptcy petition of Margaret P. Conroy of Oakland, a clerk, was filed in the Federal court here today, listing liabilities of \$1615, with no assets.

SAN FRANCISCO FLU REPORT IS BEST OF WEEK

SAN FRANCISCO, Nov. 1.—Today's report from the health office is by far the best issued since the Spanish influenza became epidemic. Only 452 new cases were reported and the majority of these were by men and women of the colored race. Sixty-eight deaths were reported between 5 o'clock yesterday afternoon and today noon.

BURGLARS HIDE BEHIND FLU MASKS

BERKELEY, Nov. 1.—Taking advantage of the present influenza epidemic to carry their trade, burglars have been busy in Berkeley's homes, offices and stores this week, according to reports being made to the police.

Mrs. Edwin Devendorf, 2151 Stuart street, declares that while she was in an upper room of her home either yesterday morning or the preceding evening, victrola records amounting to \$20, War Bonds campaign bags, a bag containing a collection of writing paper, the other two entered the show room in front of the store of watches, carrying them away in a handbag.

A bicycle valued at \$40 was taken by a thief who entered the real estate office of B. K. Denbigh, 2341 Shattuck avenue, yesterday during the temporary absence of the owner.

San Leandro Busy in War Work Drive

SAN LEANDRO, Nov. 1.—W. W. Shuhaw, manager of the Pacific Gas and Electric Company, today was appointed chairman of the United War Work drive, which is being conducted here during the week of November 11 to 13. W. G. Muntz was named vice chairman, J. A. Bruner treasurer and Harris Jones secretary. Other members of the committee, which was named by Judge William H. Waste, chairman of the county executive committee, are A. B. Carey, A. Gill, William G. Gann, A. B. Weaver, J. M. Sontang, J. B. McDonough, Geo. Helms, A. E. Pelton, H. C. Montgomery, H. Bronstein, W. Z. Zerk, and J. A. Bruner.

A big mass meeting to be presided over by Chairman Shuhaw and at which Judge Waste and Judge William H. Donahue will be speakers, is scheduled for tomorrow night in front of the Carnegie library, for the purpose of enlisting volunteer workers in the drive. San Leandro's quota is \$7012.

Mrs. Al Winchell Perished on Sophia

MARTINEZ, Nov. 1.—Mrs. Al Winchell, who went to Alaska two weeks ago on a ship trip, and has made that country her home since, met her death when the Sophia of the Canadian Pacific Steamship Company's line foundered in Alaskan waters a few days ago, according to word received here.

Mrs. Winchell was formerly Miss Allen Hickman, and was born and reared in this city. Two sisters, Miss Lulu and Miss Carrie Hickman, reside in San Francisco, and another sister, Miss Hattie Hickman, is a resident of Oakland. Winchell, who is still in Alaska, was having joined his wife in a few weeks in San Francisco, where they were to have spent the winter. Mrs. Winchell was 34 years old.

Funeral Is Held for U. C. Student

BERKELEY, Nov. 1.—Funeral services for Miss Ida Muller, member of the Phi Beta Kappa Society at the University of California, who succumbed to an attack of pneumonia following influenza, were held yesterday. Miss Muller was 21 years old and was a graduate of the University of California with last year's class, returning to college for post graduate work in physical education. She had made her home with her aunt, Mrs. Anna Hudson, in this city for the past ten years.

Physical Instructor Called to Princeton

BERKELEY, Nov. 1.—Prof. F. L. Kieberger, head of the physical education department at the University of California, has been summoned by the War Department to Princeton University for a two weeks' army conference and training course on athletics and physical training to open November 10.

CALL MORE MEN.

RICHMOND, Nov. 1.—Twenty more men are called for draft duty at camp Lewis, according to orders received yesterday by the Richmond exemption board. This makes 117 men called within the last few days. All will leave during the week of November 11.

CHARGED WITH BATTERY.

RICHMOND, Nov. 1.—On charges of battery, Mrs. B. J. Hatter was arrested before Police Judge C. C. Odell yesterday. She pleaded not guilty and was released under \$25 bail.

FREMONT NURSES RETURN TO HOMES

SAN JOSE, Nov. 1.—As a result of improved conditions at the Base Hospital Camp Fremont, all of the nurses' aides have been released from service, and Alma Kelfor, Clara Collingsworth and Roberta Laughlin, who volunteered from this city, have returned to their homes. All three were stricken with influenza, but recovered rapidly.

FOUR UNDER ARREST.

RICHMOND, Nov. 1.—A. M. Hurst and James Smith were arrested yesterday charged with riding a boat around the bay without the permission of the owner. B. Mitchell and Albert Lind were jailed for not wearing masks.

FAIR U. C. COFFEE TEARS SAVE MEN FROM ARREST

BERKELEY, Nov. 1.—Tears, which are woman's age-worn weapon of defense, were being shed to good purpose this week in the raid being made by Berkeley's officers of the law on lawless citizens of the college city.

"You're under arrest," was the greeting with which Detective A. S. Woods stopped a pretty college girl on the street yesterday, who showed no evidence of having a mask in her possession.

Great tears welled in the eyes of the fair violator of the law, and she sobbed as she delivered into her pocket and produced a mask. Tears splashed all around the arresting officer.

"What's the use?" said Woods as he went on his way. "We can't flood the police station."

Best Throws Rock Woman's Window

OAKLAND, Nov. 1.—Awakened from a sleep by a sound of crashing, Mrs. Harry Kent, 1290 Walnut street, rushed in the direction of the sound to find a rock had been thrown through her front window, shattering out at the window she held a glass pane in her hand. The large plate glass pane in the window of the second story of the Kent home had been broken by some one throwing a large rock through it. The police investigated and are of the opinion that the party throwing this rock is the same one who broke Mrs. Kent's window. They are working on the case.

LIBRARY INVENTORY.

RICHMOND, Nov. 1.—An inventory of books is being taken by the Richmond public library during the period in which it is closed because of the influenza epidemic.

Wittschen Will Be New Chief Deputy
With the departure of Deputy Attorney Walter J. Burpee to an office training camp in Kentucky, Deputy Theodore F. Wittschen will be advanced to chief deputy, next to Assistant District Attorney Koford, and the other deputies will move up accordingly. The vacancy created will be filled by Attorney Albert C. Agnew, associated with the law firm of Gibson & Woolner.

COMMITTEE READY.
RICHMOND, Nov. 1.—A committee from the Red Cross has fitted up the Ninth street rooms with scales to handle Christmas packages for soldiers. The committee consists of Mrs. W. A. Boone and W. B. Coffey.

Wins Honor Pennant on Liberty Motors

INDIANAPOLIS, Nov. 1.—The Nordyke and Marmon Company of this city won the first honor pennant offered by the United States government to the concern building and shipping twelve-cylinder Liberty motors the most rapidly in October. It was announced here today. The contest began October 1, and ended last night. The Nordyke and Marmon Company made a production record of 225 per cent of the allotted quota in October. The contents are to continue each month. Five other firms contested during.

TAKES POISON BY MISTAKE.

Mistaking poison tablets for the medicine she was supposed to take, Mary Ann McCarthy, 1515 Market street, swallowed a quantity of them this morning, with the result that the mistake came near costing her her life. She was given successful emergency treatment at the Receiving hospital.

HEATEN BY FOOTPADS.

J. P. Silva did not object so much to being beaten by two negroes last night, because he had just left \$40 under his wife's pillow at the Municipal Hospital, where she is a patient. His head was somewhat hurt and he went to the Receiving Hospital for treatment. Silva lives at 1667 Market street.

HELD AS THIEF.
ALAMEDA, Nov. 1.—James Cerelli, 324 Eagle avenue, was arrested yesterday charged with grand larceny. The police allege he is one of a party of five or six boys who took a machine belonging to Will Howard, 2411 Santa Clara avenue, a week ago and drove it all around town, then out onto the bay where they afterward abandoned it. The police are gradually gathering in all the participants in the joy ride.

HUSBY MAKES CHARGES.
CHICAGO, Ill., Nov. 1.—Charles J. Spauldin, charged in his divorce complaint against Ellen Spauldin today that she is a follower of occultism, that she drinks and gambles at public bars, and that she is a prostitute, was in public with his wife, because he would not tell her how he voted.

HAS NO ASSETS.
THE voluntary bankruptcy petition of Margaret P. Conroy of Oakland, a clerk, was filed in the Federal court here today, listing liabilities of \$1615, with no assets.

RICHMOND, Nov. 1.—Eugene B. Farrow, ex-Sheriff of Shoshone, was in Richmond yesterday as a guest of Charles J. Cray, president of the First National Bank.

PRICE-FIXING OF SHOES IN EFFECT HERE

Government regulation of shoe prices is in effect today, following a schedule announced last month. All shoes hereafter will be sold in three grades, ranging in price from \$3 to \$12 a pair. No higher price than \$12 is to be charged for any shoe bought by dealers in the future. Retailers are given until June 1, 1919, to dispose of their stocks of shoes now on hand that are selling above the maximum set by the War Industries Board.

Oakland shoe dealers are practically agreed as to the effect of the new ruling. Representatives of the following firms were interviewed on the subject: Royal Shoe Company, Park Shoe Company, Gundlach Shoe Company, Quinn & Broder, Regal Shoe Company, Rele Shoe Company and Rosenthal's. Retailers say that the new prices will affect them but slightly, as but few firms are handling shoes that sell for more than \$12 a pair. Some merchants state that under the new schedule they would really get more money for certain shoes of the better grades than they obtain at present, but announce that they will not take advantage of this situation to raise prices. Some of the less expensive footwear may drop slightly in price with future purchases, local dealers announce.

The price scale set by the War Industries Board is divided into three classes, with the minimum \$3 and the maximum \$12. The prices of shoes in class A will vary from \$9 to \$12 and into this class will fall only 18 per cent of the total output of shoes. Class B shoes will range from \$8 to \$8.50, and will constitute 54 per cent of the output, and the prices will vary from \$3 to \$3.50.

R. M. Baruch, chairman of the War Industries Board, is determined that the regulations set by the board shall not be violated, and that there is to be no lowering of the quality or workmanship of the shoes because of the price limit.

After the time limit all footwear must be sold at the regulated prices. Violation will result in the government cutting off the supply of leather, in the case of a manufacturer and cutting off the stocks from the manufacturer in the case of the retailer.

Influenza Fails to Halt Boys Gathering Fruit Pits

Here are three more school children who are busy collecting fruit pits for the government. Left to right, they are FRANCIS and GORDON BOOLE and LEWIS REIS.

Lads Enthusiastic About Government Campaign to Obtain Needed Charcoal

Three lads who are working like material for the Government, and have been collecting pits and nut shells for the Piedmont pupils for the Government, are Francis and Gordon Boole, the first blue ribbon winner of the campaign, and Lewis Reis. Francis says his regular name is "Bud," and Lewis says all the kids at their school call him "Fat," and he likes to be called "Fat," because it is much better than his other name, so that they may be weighed, collected and influenza have not been collected by the Red Cross truck and conspired to kill their enthusiasm shipped to San Francisco to be carbonized in the campaign to secure carbonized.

Neighbor Suspected by Burglary Victim

SAN JOSE, Nov. 1.—Mrs. K. Pullzatto of 120 Locust street reported to the police today that her home had been burglarized and many articles of clothing taken. She informed the police that a neighbor had probably broken into her place. The department detectives are now making a search for the missing property.

COIN NEEDED IN CASE OF PEACE

"The work now being done by the Y. M. C. A., the Knights of Columbus, the Jewish Welfare Board and the other four organizations which are allied together in the United War Work Campaign, will be more badly needed than ever if there is a cessation in fighting, pending peace negotiations. For that reason, every person should give just as liberally to the fund to be raised here during the week of November 11 to 18, as they would do were victory still far off and the German army not praying for an armistice."

This is the declaration today of Judge William H. Wastie, chairman of the county executive committee in the forthcoming United War Work Campaign, in answer to inquiries as to whether the \$12,000 to be raised in Alameda county would be needed in the event that a temporary halt was called in the fighting in Europe.

"Should hostilities cease, it does not mean that American troops will be rushed back home on the first boat," declares Judge Wastie. "Europe will continue to be an armed camp for a year after any armistice is declared and American troops now over there will be kept there until there is no possible chance of Germany resorting to trickery."

"It is during the cessation in fighting that our boys will need most the clean amusements, the welfare work and the hundreds of other things which the Y. M. C. A. and the six other organizations are doing for them. The nervous reaction from life in the trenches, from charges against machine gun fire, from the terrors of shell fire and from the conditions in general will require even better and more careful treatment than we have accorded our fighters during the many months that they have been fighting. It will be the Y. M. C. A., the Knights of Columbus, the Jewish Welfare Board, the War Camp Community Service, the Salvation Army, the Y. W. C. A. and the American Library Association which will have to offset the evil results of the nervous reaction which will come if fighting is stopped."

"However, we have no assurance that any armistice is to be granted Germany and the fighting may continue for another year or more."

"Whatever the outcome, every penny of the \$170,000,000 asked in the United War Work Fund is needed and badly needed to properly carry on the work which must be done over there and whether it is peace or more fighting, every person should contribute to the absolute limit of their ability."

The city is to be divided into 238 precincts for the drive which is to be conducted during the week of November 11 to 18 and all of the seven big organizations represented in the campaign will have charge of the work in each precinct.

The Oakland Ad Club yesterday volunteered the services of its entire membership in handling the advertising for the United War Work Campaign. The offer was gladly accepted by the executive committee and the club placed in complete charge of this feature of the campaign.

Wife Follows Her Husband to Grave

BERKLEY, Nov. 1.—Twenty-four hours after her husband was buried, a victim of influenza, Mrs. Alma Rusk, 1004 Grayson street, died of the same disease yesterday at her home.

Mrs. Rusk was the wife of Joseph Rusk, whose funeral was conducted yesterday after a brief illness of influenza. Mrs. Rusk was 37 years of age. The couple leave no children.

Lieut. Noble Killed; Noted Football Star

WALLACE, Idaho, Nov. 1.—The official notice of the War Department received here confirms report that Lieutenant Elmer John Noble was killed in action in France September 26. Lieutenant Noble was noted as a football star at the University of Washington for three years.

His widow resides here with her parents. Lieutenant Noble was a member of the first officers' training camp at the Presidio. He was acting captain at the time of his death, when he led his company across No. Man's Land.

CALIFORNIA ON LIST. OTTAWA, Ont., Nov. 1.—Today's Canadian casualty list includes the names of A. Palmer, Anaheim, Cal., among the dead.

HUNS STILL BOMB FIRST AID STATIONS

PARIS, Nov. 1.—Conclusive evidence that the Germans have deliberately bombed and machine-gunned first aid stations and ambulance transporting wounded has been presented anew by statements of numerous American army ambulance drivers.

The stories of four of these men have been taken to headquarters of the American ambulance service which is serving with the French armies to show that the Germans have persisted in their attack upon unarmed forces. These stories are told by Privates Henry G. Schaeffer, 3557 Broadway, New York; Alonzo C. Wooten, Rocky Mountain, N. C.; Ralph C. Spruerry, Acworth, Ga.; and Viklan Jenkins, 557 Charles place, Knoxville, Tenn.

Returning from a front line dressing station with his ambulance loaded with wounded, Schaeffer was chased for almost a mile by a Boche airplane. Despite the fact that the car was easily discernible as an ambulance, the German first aid car was shot at with machine bullets at the machine, scoring three hits. Fortunately none of the wounded nor the driver were struck.

Eight cases of Schaeffer's section also were targeted for German aviators, who dropped bombs at a low height on the road over which the ambulances were traveling with their wounded. Wooten's car was struck by shell.

Spruerry had a similar experience to that of Wooten when a shell directed at his ambulance on an exposed road burst so near the car that the shell fragments further wounded an injured man he was carrying.

Jenkins' ambulance proved to be another German target. The machine gun stretchers, which were killed when a shell landed in front of his ambulance at an advanced dressing station.

Another German airplane which had its cannon pointed plainly marked as a non-combatant, camp proved an attraction for a Hun aviator, who, after volplaning down to a height of not more than 50 feet above the barracks, dropped his bomb. But it struck a limb of a tree in such a manner as to deflect the contact point, rendering the bomb harmless. It dropped without exploding, a few feet from the ambulance men's barracks.

Stops Eliminated on Napa Railway

VALLEJO, Nov. 1.—The railroad commission has authorized the San Francisco, Napa & Calistoga Railway to eliminate stops on the line between Napa and St. Helena. The railroad has at the present time twelve stops in the city limits of Napa alone in a little over one and a half miles, and in view of the present urgent need for conservation of power, the multiplicity of stops are to be cut down. The stops to be eliminated are:

Pine street, St. Helena, De Latour, Twin Oaks, Bauman, Oak Knoll Ranch, Roe, Tallman and E street in Napa. Coombs street and Main streets stops in Napa are to be abandoned and instead of north-bound stops will be made a far south-bound stop at Brown station. Kelly, which is a short distance north of White Gate, will be moved to the south end of the siding, also known as Kelly. The Kelly, Sacramento street stops in Vallejo will also be cut out.

Bank Deposits to Be Investigated

SANTA ROSA, Nov. 1.—Investigation of alleged transfer of deposits from the Union Savings Bank to the wrecked Santa Rosa National Bank has been begun by District Attorney George W. Hoyle.

Hoyle said that depositors had brought to his attention cases of deposits made or intended to be made with savings banks that never reached that institution, but were transferred to the national bank.

This, Hoyle said, was a sort of juggling which would be given careful scrutiny in connection with the inquiry of the Federal Bank authorities' investigation.

Receiver Garrett said today that it will be two or three weeks before the affairs of the Santa Rosa National Bank have been sufficiently ascertained to warrant an official report.

Keith Theaters Are Bequeathed Albee

BOSTON, Nov. 1.—Theaters at Lexington and Boston, Mass.; Montreal, N. B.; Montreal, Quebec, and St. John, N. B., controlled by A. Paul Keith, are bequeathed to Edward F. Albee of New York in Keith's will filed for probate here. Keith died in New York yesterday.

Keith's holdings in the B. F. Keith Theaters Company, a Connecticut corporation, are to be divided to the Albee, Walter P. Cooke of Buffalo, Maurice Goodman of New York, E. M. Robinson of New York, Robert G. Larsen of Boston and John A. Murdoch of New York, while all rights in the Bijou theater in Philadelphia are left to the same persons.

AMERICANS SAVE MANY IN WAR ZONE

By JOHN T. PARKINSON.
International News Service Staff Correspondent.

WITH THE BRITISH ARMY ON THE WESTERN BATTLEFRONT, Nov. 1.—Except for the assistance of the American food commission, thousands of persons in Belgium and Northern France would have died of starvation, according to Charles Daumont, director of the commission at Roubaix.

The American food itself was insufficient, but with the vegetables that the Germans did not requisition, the people were enabled to live. The Boches did not concern themselves with the condition of the people, but deprived them of every means of livelihood by wrecking all of the factories.

Daumont said that the Germans did not allow food to be transported on the railways except in extremely small quantities.

The commission had to depend almost entirely upon the canals. Just before the evacuation the Germans turned back canal boats laden with civilian food. One of the most striking features of the British occupation of Northern France was the engineers built up the railway lines.

The first train arrived at Lille on Friday, coming by the way of Arras. It was hailed as a great event by the population. When the Paris Express arrived thousands crowded around and cheered the train as if it was the first time they had ever seen one.

The hotels and restaurants of Lille were filled with people eating horse meat, which sold at prohibitive prices. At night only candle lights could be used. The beds were without sheets, and the city water supply was out of commission. As a result there were numerous cases of sickness.

BAN ON GERMAN SERVICE. DUQUOIN, Ill., Nov. 1.—Since there are only a few members of the congregation who do not fully understand English, while the majority of the members prefer the English language, the church council has decided to discontinue all German services. As a result there will be service only in English at the Evangelical church here.

CARRIER PIGEONS AID TO FIGHTERS

WITH THE AMERICAN ARMY IN THE ARGONNE, Nov. 1.—Carrier pigeons had their inning in the first three days of the First American Army's northward smash from the Meuse to the western edge of the Argonne.

Particularly on the day when heavy fighting was raging around Montfaucon village, perched high on a ridge looking down toward Verdun, did the pigeons do good work.

German artillery had wrecked many of our telephone wires, roads thick with mire and crisscrossed with artillery, ammunition and supply transport made it difficult for couriers to make their way to the rear. Heavy fogs rendered aerial observation extremely difficult, and for hours large detachments of Americans were concealed

from sight of our own aviators as they moved up through woods. During all this period when divisional and corps intelligence section were trying their best to learn exactly what was going on around Montfaucon the pigeons did invaluable work bringing back requests for artillery fire on German strong points, locating American units struggling forward to surround the hill, and appealing for ammunition.

The message notes of these corps for that day show many brief notes, scribbled in pencil, which brought back much needed information. The pigeons did it.

Children Killed by Insane Chinese

MODESTO, Nov. 1.—Lou Jong, a Chinese, his wife and four children are dead as the result of a tragedy at Turlock, near here, yesterday afternoon. It is believed that Jong, who was recovering from influenza, was crazed when he returned home and found his wife dead from pneumonia, and that, after killing his four children, he shot himself and then killed himself. The bodies of all the victims were burned almost beyond recognition.

GERMANY'S LAST HOPE NOW GONE

LONDON, Nov. 1.—"Gallipoli is averaged," says the Daily Mail today in commenting on the unconditional surrender of Turkey. "Germany is isolated and utterly alone, but her armies have not yet been defeated. Germany's exhaustion is obvious."

"Germany has indeed lost the war," says the Daily Express. "She will not turn long before making peace now that she has been weakened by the dropping out of the tyrannical Turks. The surrender of Austria lays Bavaria open to invasion, forcing Prussia to accept peace at any price."

The Post declares that Germany has not sufficient troops to defend two fronts.

The Daily News says that the position into which Germany has now sunk is desperate and irretrievable.

ARREST ALL MASKLESS AS CASES GROW

The city council enacted the flu mask ordinance today and Commissioner of Public Health and Safety Fred F. Morse at once directed Chief of Police J. H. Sadlerman to instruct all patrolmen to arrest every person found on the streets of Oakland without a mask.

The police authorities have so far refused to make any arrests in the hope that the people would see the necessity of wearing masks and conform to the health department's order without the use of drastic measures.

Large number of persons who have either deliberately or thoughtlessly failed to obey this rule the police will begin at noon today picking up all persons who appear maskless.

INCREASE IS SHOWN.

Reports to the Board of Health today up to 11:30 showed an increase in influenza cases, the total of cases to date is 5036, and the cases on hand now number 2345. Deaths total 290.

For the past two days, say health officers, the public has become careless regarding the wearing of masks. Today's jump in new cases is said to be due directly to this.

12 DEATHS AT HOSPITAL.

Admissions to the emergency influenza hospital at the auditorium for the twenty-four hours ending at noon today were 57, a slight increase over yesterday's admissions. Thirteen deaths were reported in the same period, and 57 releases. There were 430 patients on hand in the hospital at noon today, a small increase over yesterday, but tonight's discharges are expected to bring this down to a decrease again.

According to the hospital authorities the situation seems the same as yesterday.

Have instructed the chief of police to rigidly enforce the law," said Commissioner Morse this morning. "I intend to see that it is enforced, too. Officers who fail to make arrests will be dealt with severely and I want to say at this time that the persons taken into custody under this law will be dealt with as severely as the law permits."

"People should realize that while they may be perfectly well and feel that they do not need a mask, there may be others who are in such good condition and to whom they may communicate the germs of the

Less Flu; Churches Will Resume San Jose Conditions Are Improving

SAN JOSE, Nov. 1.—Another marked falling off in influenza cases was noted during the past 24 hours, only 50 new cases being reported, and the total number of cases without being taken down with it themselves. The mask has proven efficient. We are getting the best of the epidemic. Let all good citizens wear their masks and we will shortly stamp out this dread malady which has removed from our midst some of the finest men and women in the community."

MORE NURSES NEEDED.

The nurses' bureau of the Red Cross, on the sixth floor of the City Hall, needs 100 more volunteer nurses. Those who came forward in the first days of the epidemic and who have worked like Trojans, are rapidly being worn out. New women are needed and they must be secured at once or there is danger that the splendid staff which the emergency hospital officials have gotten on the job may be lost.

It was reported today to the health office that 75 of the 90 scavengers that gather the garbage in Oakland are sick with the influenza and that garbage collection in many districts was practically at a standstill. Commissioner Morse suggested that prompt measures be taken to relieve the situation and he will call a conference with the scavengers and undertake to make a new arrangement for the handling of the garbage during the present crisis.

Calomel Loses You a Day's Work! Take Dodson's Liver Tone Instead

Read my guarantee! If bilious, constipated or head-achy you need not take nasty, sickening, dangerous calomel to get straightened up.

Every druggist in town—your druggist and everybody's druggist—has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs very little more than a small one, and it gives relief in every case of liver sluggishness and constipation.

tion, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day. Like violent colic, take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.—Advertisement.

CONVALESCENT HOME READY FOR PATIENTS

The Red Cross Convalescent Home for Influenza Patients was opened at 11 o'clock yesterday morning, approved at 11:30 a. m. by the executive committee of the Oakland chapter, American Red Cross, and was ready to receive the first seven patients in the old de Fremery mansion which still stands in the de Fremery park at sixteenth and Adeline streets, at 9 p. m. The old house, which has stood deserted, was scrubbed, furnished and fully equipped and the corps of attendants assembled within the period of four hours when the first convalescent from the Municipal Hospital in the Auditorium were admitted, making a new record for the efficiency of the war workers in Oakland.

The convalescent home will accommodate fifty inmates.

R. H. Kessler, chairman of the Red Cross home service department, was the author of the new project which, with the aid of Rabbi Harvey Frankel, superintendent, and the woman's committee, Councils of National and State Defense, was put through in quick order.

Mrs. Newton Foster, with a company of volunteer women, scrubbed, polished, swept, dusted and cleaned out the big building while the men and the committees collected the beds, bed clothing and necessary equipment. The Home Nursing Bureau recruited the house force of nurses, attendants and the committee collected the beds, bed clothing and necessary equipment. The Home Nursing Bureau recruited the house force of nurses, attendants and the committee collected the beds, bed clothing and necessary equipment.

WILL WATCH CASES.

Mrs. Florence Hill, representing the Associated Charities, will make a tour of the Municipal Hospital each morning with Dr. S. H. Buevay, who will designate the patients about to be discharged. Through the co-operation of the two institutions, an investigation will be made into the kind of care which each home can provide and in all cases where it is deemed inadequate, the patient will be assigned to the deFremery institution for a short period that the health of the individual may be assured.

A second great need has been met in the offer of the Baby Hospital Association to take charge of the children from infants to eight years of age who are suffering from Spanish influenza. Through Mrs. Samuel Marks, the president, two wards containing 25 beds have been placed at the disposal of the epidemic sufferers. The wards are fully equipped to offer most efficient medical and hospital attention with two graduate nurses and a full corps of attendants in charge. Red Cross workers have been handicapped through the lack of such a ward to send babies.

The Municipal Hospital committee has announced the hours for visitors to patients, from 1 to 3 each afternoon and for members of families, relatives and close friends 7 to 8 each evening. Red Cross is extending its co-operation to the Japanese Hospital, which has been opened in the Methodist church at Tenth and West streets through all its departments. A well-known contribution to the general fund has been made by the St. Francis de Sales Auxiliary of the American Red Cross, which has turned over the \$500 in the wool fund for immediate use.

The calls to the Red Cross nursing bureau yesterday fell from 200 to 300 a day to 100, offering a comment on the clearing up of the situation. Still

Strikers Return to Work on System

NORFOLK, Va., Nov. 1.—Striking employees of the Chesapeake & Potomac Telephone Company, which operates in Norfolk, Portsmouth, Newport News and throughout the Tidewater section of Virginia, returned to work today, following receipt of an order last night from Postmaster-General Burleson, saying that all employees on strike must report for duty within twenty-four hours.

The postmaster-general in his order declared that as the telephone lines of the nation are now under government control strikes are not permissible.

Berkeley Flu Cases on Wane Crest Is Reached in Epidemic

TRIBUNE BUREAU, BERKELEY, Nov. 1.—First indications that Berkeley's influenza cases are on the wane and that the crest had been reached in the epidemic in the college city were given this morning when but 47 cases were reported to health officials as new patients coming down with the malady yesterday.

Today's report shows a decrease of more than half the number of cases reported in yesterday. Of the 47 cases yesterday 47 are in Berkeley proper and the remainder on the campus of the University of California.

According to health officials the end of the week will probably show a marked decrease in Berkeley's influenza patients. It is declared that the worst stage of the epidemic has now, in all probability, passed.

Some thirty new patients were admitted to the municipal hospital yesterday, making a total of more than 70 adults and children now being cared for.

Berkeley's officers of the law continued today in their arrests of maskless citizens, a total of 272 violators of the law now being booked at the police station. One hundred and twenty-three were taken into custody yesterday and fifteen up to noon today.

WHOLE FORCE TAKEN.

D. L. Jungke, Berkeley realty dealer of Shattuck and University avenues, and his whole office force were escorted to police station yesterday afternoon for failing to wear masks while at work.

Raids are also being made on other offices where two or more people are employed and where provisions of the ordinance are being ignored.

New deaths reported today from influenza are those of: Mrs. Fred Kelly, 27, 1706 Carlton street; Mrs. Bert H. Fraser, 1533 Milvia street; Mrs. Alma Rust, 1004 Grayson street; Frank Haefel, 25, 1611 scenic avenue.

NEW CASES IN ALAMEDA.

ALAMEDA, Nov. 1.—Sixty-four new cases of Spanish influenza were reported to the board of health today. Four deaths also were reported, the figures being for twenty-four

80 Years Old—Fit as a Fiddle

"I had a bad case of stomach and bowel trouble that four doctors could not help. Suffered all kinds of pain, was filled with gas and constipated for years. I was advised to use May's Wonderful Remedy. Since taking a course of it four years ago my trouble has disappeared and have felt like a young man. Although 80 years old, I feel fit as a fiddle." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and always the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Os-good's Dept. Drug Stores and druggists everywhere.—Advertisement.

EPIDEMIC IN STATE IS ON THE WANE

SACRAMENTO, Nov. 1.—Only about 3000 new cases of Spanish influenza were reported today to the State Board of Health, indicating considerable improvement in conditions throughout the State, the health authorities said. The principal decreases were in San Francisco and Los Angeles. The total number of cases reported today was approximately 95,000, it was announced. T. J. California, asked for assistance. The authorities there reported a total of 156 cases.

Sacramento showed a decrease of approximately fifty per cent in the number of new cases, only 22 being reported.

This was the third successive day on which the decrease has been reported.
